

Croatia Juniors Finish Strong in 2018

As the 2017-2018 season comes to an end we look back at the highlights of the season. Croatia Juniors Soccer Club had many highlights from winning CASA League games, to winning tournament titles in Pennsylvania, Indiana and in Ohio. The club also was proud to open it's doors to it's new indoor complex at Andrews Osborne Academy and now it embarks on a new field project with outdoor fields being constructed late this summer.

The thing we cherish the most is the family like environment that has been cultivated and forged over the course of the year. The club takes great pride in being different from other clubs. It's not only about soccer for us it's about family and building a environment for our kids to flourish in. It's about relationships that our players, coaches and parents have built over the years. We all came together this year for the common good. We would like to thank all the parents and families for their commitment to the club, their passion during games and representing our club in the most professional manner possible during games, at tournaments and when using social media to plug the club and it's players.

As the season comes to an end we would like to highlight our teams that represented the club at the US and OYSAN State Cups. The club was able to place 4 teams in the State Cup Semi-Finals and two teams represented the club in the OYSAN State Cup Finals . We would like to congratulate our 2002, 2004, 2006, and 2007 boys teams for making it into the semi-finals of their respective State Cup Events. We would also like to congratulate our 2002, 2006 and 2007 boys for making it into the finals of the OYSAN and US Soccer State Cup.

Croatia Juniors Players Recognized by US Soccer

Croatia Juniors Directors, Coaching staff, as well as family and friends of the club would like to congratulate the following players for their inclusion in the United States National Team Training Center ID Camps held in Columbus and Cincinnati. The training centers are used to identify potential National Team prospects for future inclusion on the 2003, 2004 and 2005 US National Teams. The following Croatia Juniors players have been recognized for their exemplary play on the field.

Marko Rimac	2003
Josip Rimac	2004
Skyler Landgraf	2005
Daniel Villa	2006

Croatia Cleveland Juniors

Croatia Juniors will embark on its next project this spring. AOA Board of Directors have approved the use of land behind the existing indoor building to construct new outdoor soccer fields. These fields would be used for training, league games and tournaments. The goal is to house the entire club at one facility to help everyone with logistical planning and provide convenience for families with multiple children in the club.

The club believes the new field complex would allow for future tournaments as well as hosting the American-Canadian Croatian Tournament that is held every year in July. We hope and goal is to be using the fields by spring of 2019.

The proceeds of our spring fundraiser will help offset the costs of the project. We would like to thank all our families and friends who helped make our fundraiser a huge success.

The club plans on breaking ground by the first week of August and hydro seeding the fields in in September. These new fields will be used by our kids and future children who want to play the beautiful game we all love. We always say we are stronger in numbers. With this motto in mind there is nothing we can't accomplishment if we all work together. Lastly we want to thank all of our players who continue to show their passion for the game. Their motivation motivates all of us to provide more. Thanks to them!

Thank you!
