

NEWS LETTER

FC Europa
Director of Soccer,
Barry Davey

July 20th 2022

from the
Director's
DESK

Congratulations to our 2006 Boys Elite team who are representing the club for the second year running at the National Championships in Florida.

Keep an eye on our social media accounts for livestream details of the games.

This comes on the heels of both the 2009 and 2010 Elite boys' teams winning their brackets at the regional championships in West Virginia.

Sponsorship news

For the first time in our history our new shirts will feature a sponsor.

MHX Designs are managed by Q Om who has long had children playing in the program and has an ethos in line with that of the club. The sponsorship will allow the club to maintain scholarship and other programs that would otherwise be out of reach.

COMING SOON

The club are in the final stages of offering a C license coaching course later this fall.

Keep an eye on the website and social media for details as they become available.

Having heard appeals for many years to offer a camp suitable for high level players we will for the first time offer a camp exclusively for travel players.

Click here or visit

fceuropa.org/summer-camp for details of the camps during the weeks of 7/18 and 8/1.

Welcome Brits!

For the first time the club have sponsored the arrival of three coaches from England to work on our TEYSA summer camps.

Lee, Connor and Ronnie are spending the summer trying to learn what a parking lot, a soccer ball and digestible food are while helping players enjoy the game at Wilson Farm Park.

Welcome boys!
