

2008 – 2009 MONA SHORES VARSITY HOCKEY

TIG VISUAL PRODUCTIONS

TIG is dedicated to offer a product that positively & effectively communicates skill level, academics & accomplishments. We urge participants to take command of their future by promoting themselves in their quest to receive recognition & scholarship opportunities that lead to a higher education. Getting noticed and properly evaluated is a difficult task, even for very good players at the high school level.

TIG presents a powerful 10-15 minute highlight DVD of a specific player at his position. With intense graphics and slow motion bringing powerful plays to life, we design our highlight DVD's to stand out from other prospect DVD's on a coach's desk.

10-15 minute highlight presentation

Custom created DVD displays to send it in

Labeled DVD covers with player information

10 copies to help you get started

Slow motion replays to break down player technique

Copy posted on web for easy access by recruiters

Recruiting video is playing an increasingly important role for both families and college coaches today. Video allows college coaches to get an insight into your skills when you are not afforded the opportunity to play in front of a college coach in person. While nothing replaces performing in front of a college coach, a good video coupled with strong recommendations from qualified coaches that are familiar with your skills and ability can often be the deciding factor as to whether or not a college coach chooses to recruit you or chooses to pursue you further. In some sports (football for example) all initial recruiting activities on the part of the college coaches are done first by video.

\$150.00

Starting rate for Recruiting Package which includes web broadcasting through tIgtv.com

\$75.00

DVD of stats, skills and interviews added into the highlight DVD. Additional Copies of Highlights are available for \$10 a piece. Web cast are also available.
