**Playoff Work Teams:**

The work team for the semifinals from each pool is the loser of the pool's last round robin GAME. If the loser is in the playoffs, the work team will be the other team of the pool's last match. If both teams are in the playoffs, the work team for the pool's last match will work again. The work team for the finals is the loser of the semifinals with the least distance to travel based on the team representative's home address.
