

Responsibilities as a Team Parent

As the Team Parent you are the information/organization person for your team. As information regarding your team is given out by the office, it may be required that you pick it up and distribute as soon as possible.

The coach may depend on you to help with communications (via phone calls or e-mails) for practices, special events, and game cancellations.

If you are the Team Parent for a T-Ball, Coach Pitch or Minor League team, you will be responsible for making and distributing an umpire schedule for your team (the parents umpire).
