

2011-2012

BHA Fall News

Association members;

The season is here and the ice is ready to go thanks to Phil and those who helped. The Madden clinic is in full swing and the finishing touches are taking place to get the Civic Center ready for another busy and exciting season of hockey and fun. We are having an association work night this Sunday from 5:00-8:00. So for all of you who need to get a start on those mandatory work hrs it's a good way to accrue some of those hrs. (Reminder that you will be billed at years end for work hours not completed) We will be serving pizza for those who show up and work on your family's work hrs and there will also be open skate/hockey for the skaters of the families that show up to work and those who have paid the association dues. We are pleased to announce that Morris/Benson will be fielding a 12U Girls hockey team coached by Jim Berens this year and that the Girls Varsity has a head coach (Jeremiah Day).

All MBA coaches are in the process of completing the coaching certification program for their level of coaching and the on line module training that is required. We anticipate the game schedules and practices to be posted on the MBA website very soon with a start date of all practices beginning the 1st of November due to Halloween. Keep a close eye on the website for more information.

Thanks,

BHA Board: Jeff DeHaan, Nathan Thompson, Sarah Wold, Robyn Aarhus,
Jason Madden, Angela Pendill, Janet Johnson, Nicole Hadfield, Tom Hoffman
