

**Maine Amateur Hockey Association**

Grant Application 2024-2025  
Can Be Submitted At Anytime

The Maine Amateur Hockey Association (MeAHA) grant application shall be used for all Associate Members in requesting grants for the growth and retention of their membership, as well as any materials required to facilitate these initiatives. Along with initiatives to keep your association compliant with USA Hockey's American Development / Player Development Model. Your application must include specific details regarding your request (i.e., specific equipment and number requested, cost of each item referencing where purchasing, include examples of what is requested).

**Hockey Initiatives** – What initiatives are being taken by your association to become ADM compliant at all levels? How is your association using LTAD to support hockey players at all levels? The cost to your association to follow, educate and provide materials or support for these programs shall be considered for grant funds.

**Not available for Grants** - Ice costs, food, drinks, administration fees, etc.... Items that are “one and done” use fees are not considered as long term use and therefore not applicable for grant funds. Those items are recommended for local support and contributions.

All applications shall be considered and funding shall be determined by the Committee per year, based on cost, need and usage of each applicant. Applicant may only submit one per year; however based on usage and cost your association may consider applying the following year.
