

*Player Development Meeting
August 22nd, 2012
Queen Bee's, Paynesville*

Meeting Minutes

1. IP Coordinator Update

Still looking for a IP Coordinator for the Paynesville Mites. Have two names and will be working on solidifying that this week.

For Ice Scheduler – (Particularly the Richmond arena) We want to make sure mini-mites and mites have ice together. With the ADM model it is nice to have larger groups of athletes on the ice to work stations. Also, it would free up some ice time for other teams to practice.

2. Girl's Update – Mitch Sweep

D5 Meeting update from Mitch

10A program – D5 would like RLS to go 10A. Mitch is concerned with numbers and will not commit to an A program yet depending on registration.

Team Declarations – No 14U (only two players have been registered)

1 12U Team

1 – 2 10U Teams (see comments above)

Initial discussion on Coaches – Mitch began outlining potential coaching clusters for each group.

3. Coaching Meeting Date

The annual coaches meeting date was set. September 16, 7:00 p.m. at Ron and Judys. Will we be registering coaches at that time?

Also will be going over certification requirements this year. It will be a little easier this year for coaches due to the module updates last year.

4. Team Declarations – part two

Based on the most current registration numbers

Bantams – 2 Teams: A and B

Pee Wees – 3 Teams: 1 A and 2 B Teams – Currently this is being looked at quite closely. With the athletes we have we are trying to gauge if we have enough C level players to field a C team or go with two B Teams.

Squirts – 3 Teams: 1 A, 1 B, and 1 C Team – With waivers and ultimately new skaters at this level we want to ensure that we have a C team for new players.

NEED REGISTRATION NUMBERS UPDATED – THE SOONER THE MEMBERSHIP REGISTERS THEIR KIDS THE MORE ACCURATE INFORMATION WE HAVE TO DECLARE TEAMS.

Player Development has scheduled an additional meeting for September to focus on team declaration and tryouts. September 12th and 26th will be used to make any changes to declarations pending on registration numbers. Membership needs to know that initial declarations are NOT FINAL as numbers will impact the teams and levels.
