

BFAB Meeting
June 9, 2011

Board Members Present: Mark Wald, Sheri Wald, Dan Spriggs, Karen Arens, Doug Snyder

Members Present: Smith Bradley, Randy Peterson

Meeting was called to order at 8:00

Open mike discussion: None

OFFICER/COMMITTEE REPORTS

Officer/President: (Mark) No officer update.

Equipment – no update

Fundraising: (Karen). The Village Fest booth is reserved. Things to sell at the booth were discussed: 1) The t-shirts we have already purchased, 2) small footballs printed with the booster football logo and website, 3) water bottles and 4) “clingies” that go in back of car windows. At our next meeting the board will vote on which to sell.

We discussed a fall fundraiser of ordering spirit wear from Tahoe Sportswear. Karen has contacted Steve Green from the high school parents’ group to coordinate an order from both Boosters football and the high school parents.

Action items:

- *Karen will put together a sign-up sheet for the Village Fest booth. Slots on Friday evening and Saturday late/afternoon evening are most important to fill.*
- *Karen will verify from the Village Fest committee if we can do the football toss. The high school football team has done this in the past.*
- *Karen will talk to IHOP and see if they would be interested in sponsoring the purchase of water bottles and small footballs.*
- *Smith will send Karen costs of ordering water bottles, small footballs and “clingies” that go in back of car windows.*

Fields: no update

Handbook Committee: The board reviewed a draft of the BFAB Player Parent Handbook. **Mark made a motion** to approve this draft. Pending changes proposed by the board, the *motion carries unanimously.*

Secretary Treasurer: no update

OLD BUSINESS

Football registration yard sign. Duane and Karen Arens would like one.

NEW BUSINESS

Waiting List

The consensus from the board is to favor inclusion of players on teams as opposed to limiting team size at a maximum of 23 players on 11-player teams. Players get injured during the year, and it's important to have strong numbers to replace players. Also, it is very important to include players who are interested now, as over time players tend to not continue playing as they get older.

The Board must explicitly communicate to football parents why we believe it's important to not leave players off the team. This affects playing time, and the board does not wish for coaches to have the brunt of playing time complaints.

Doug Snyder stated that teams over the size of 30 players are very difficult to manage. ***Mark made a motion*** to include players onto 11-player teams until a limit of 30 is reached. *Motion passes by a vote of 3 to 1. Two members refrained from voting.*

Motion to adjourn at 9:35

Respectfully submitted,
Mark Wald
