## **PLATE PAYOFF \$1,100,000 thus far for Mass Hockey**

Sports Action Photography

In December of 1999, Stephen F. Lynch (then a state senator) and Boston Bruins President Harry Sinden joined Mass Hockey President Dan Esdale at South Boston's Murphy Rink to announce the filing of a bill in the Massachusetts legislature to create a new license plate to benefit Mass Youth Hockey. Following his election to the United States Congress, Steve Lynch continued to push for the bill's passage. Finally in 2002, Congressman Lynch, Harry Sinden, along with Senator Guy Glodis, Senator Jack Hart, and Rep. Marty Walsh prevailed and the Boston Bruins/Invest in Youth Hockey license plate was on the road.

In the past seasons the money received from the plate sales have been spent on Mass hockey's Grassroots programs. The funds were distributed to the Mike Cheever Grow the Game, the Border Patrol program for our youngest players, the parental and spectator conduct code and the youth amputee program.

Remember that these plates are for Mass Hockey. The benefits are for our programs and our children. If you and your friends and family don't have the plates: please get them. if you already have them, please renew and you will ensure continuing revenue for decades to come.

Just bring your old plates with your checkbook or credit card to any Mass Registry of Motor Vehicles office and leave with your new Bruins plate and the knowledge that you have helped good people do good things.

You can also order the license plate online at [www.bostonbruins.com](http://www.bostonbruins.com)

Brought to you by the Boston Bruins and Mass Hockey

Dear Massachusetts Hockey Members & Friends,

This past season Mass Hockey has worked extremely hard on the implementation of age appropriate hockey. Age appropriate hockey has become a mandate for all registered programs, although there are exemptions after January 1st. Mass Hockey is committed to working with programs and USAH for the betterment of our players. We strongly believe that the key to any new initiative is education. Thanks to Don Derosia and Becker Area Products, we were able to travel around the state with the new hard boards to demonstrate the setup, breakdown as well as the proper use. Due to these efforts, there are 22 sets of hard boards being delivered to rinks across the state.

We have also worked diligently on improving our state and national bound tournaments. The goal is to provide each team with the same great experience. Our events should be looked forward to and enjoyed by all.

Our Executive Director, Kevin Kavanagh, has finished his first year with Mass Hockey. He has proven the position is invaluable to the future of our organization. He has been successful building relationships with programs, leagues and vendors. We look forward to seeing what additional successes Kevin will have in the upcoming season.

As we begin a new season, we will continue to work towards age appropriate hockey, providing a great experience for members and growing the game.

We look forward to another wonderful year of hockey!

Sincerely,  
Keri-Anne Allan

Welcome to the 2013-14 Season

With my first year as Executive Director now complete, I am overwhelmed by the commitment and dedication that is shown on a daily basis. The volunteerism that drives the Massachusetts Hockey train is both powerful and energizing. Those who volunteer their time and effort should be applauded, as we would certainly not be here we are today without this dedicated group.

Our sport continues to evolve both on the ice and off. What was once a landscape of local programs and high-school teams has become much more populated. We still have our core "local" programs serving a majority of our membership, but we also have a growing number of "club" programs that are also part of the Massachusetts Hockey family. Families are free to choose the program that best fits their needs and desires. We strongly encourage our families in Massachusetts Hockey to look at the programs that exist in your area and ask yourself what type of program would serve your child best:

- Does the program have my child's best interests in mind?
- What is more important- development or winning?
- Are we getting a quality product for the price we are paying?
- Do my child's coaches provide a positive environment?

These are just a few of the questions that parent's should consider when choosing their program. Massachusetts Hockey strives to lay out a model that is structured to allow for kids to learn to love, play and excel at the sport. Each program follows the model in their own way with emphasis on various pieces of the puzzle.

It is our parents that will help charter the course as we continue to expand and improve the development model for our kids. It is our parents who need to look at the product that they are paying for and ask the question: Is this program going to allow my child to grow and succeed as a hockey player?

Massachusetts Hockey is committed to providing the resources and leadership to help continue to make youth hockey one of the best youth sports options for our children. We look forward to continuing to help kids find a love for the sport.

Thank you for allowing your child the opportunity to play one of the greatest games out there!

Sincerely,  
Kevin Kavanagh  
Executive Director  
Massachusetts Hockey

K. If two or more teams have an equal number of points, their position in the standings shall be determined by the following tiebreaking format. If one tie-breaker establishes a position for one or more teams, each team is placed in the applicable position. Once a team is placed, the remaining tied teams shall start the tiebreaking process over again at step 1. (If all tied teams have not played each other, then proceed to step 2. Note: a team may go into the tiebreaking process having defeated another of the tied teams and still not advance).

The tie-breaker formulas are as follows:

1. The results of the head-to-head games played between the tied teams in the following order:

- a. Standings — Most points.
- b. Most total wins.
- c. Least goals against
- d. Quotient — Dividing the goals scored in these games by the goals scored against, the positions being determined in order of the greatest quotient. A quotient involving dividing by zero (0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tiebreaker is required, the teams shall be ranked high to low in descending order of "goals for."

2. If after applying the formulas of 1 a, b, c, d or e the tie still exists, the results of all the games played by the teams tied in the following order.

- a. Most total wins.
- b. Least goals against.
- c. Quotient — Dividing the goals scored in these games by the goals scored against, the

positions being determined in order of the greatest quotient. A quotient involving dividing by zero (0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tiebreaker is required, the teams shall be ranked high to low in descending order of "goals for."

d. Most periods won — In the games played by each tied team, points will be awarded for each regulation period won (2 points) and for each regulation period tied (1 point). Positions shall be in the order of highest point total.

e. Quickest first goal — The team that scored the quickest goal in their preliminary round games shall be ranked highest.

3. If the above procedure does not break the tie, the teams shall use a shootout

Note: Forfeits - If a team forfeits any of its games, and becomes involved in any tie-breaking formula to determine its eligibility to advance to the next level of play, the team forfeits all games in the round robin play and the games are recorded as 1-0 victories for the non-offending team.

For purposes of this policy, a family member is a spouse, parent, child or spouse of a child, brother, sister or spouse of a brother or sister. Control exists if an Officer or Director or family member owns, directly or indirectly, at least fifty (50%) percent of the stock ownership or membership interests of another organization or has the right and/or ability to control the management and policies of another organization.

Officers and Directors who anticipate having a conflict of interest shall report the conflict to the President of the corporation, or to an individual or committee designated by the President, immediately upon identifying the conflict. The President or his/her designee shall report the conflict to the Board of Directors, committee or District or Division that is considering, or has considered, the transaction to which the conflict applies. The transaction shall be approved by a majority vote of the deliberating body but in any case the Officer or Director who has the conflict may not speak or vote on the matter and shall not be counted for purposes of a quorum. The record of the proceedings shall reflect the required disclosures and the Officer or Director's ineligibility to vote.

In the event that there is any inconsistency between this Conflict of Interest Policy and the laws of the Commonwealth of Massachusetts, the laws of the Commonwealth shall govern. By virtue of their position as Officers and Directors of the corporation, their involvement in monthly and annual meetings of the corporation and their receipt of copies of the corporation's By-Laws and Rules and Regulations, the Officers and Directors of the corporation acknowledge their understanding of and agreement with this Conflict of Interest Policy.

Any violation of this Conflict of Interest Policy shall be dealt with using the removal procedures as set forth in Article IV, entitled "Board of Directors", of the corporation's By-Laws.

## **GRANDFATHERING**

Without explicit exemption in the rule none of these Rules and Regulations have any way shape or form a "Grandfather Condition or Clause".

## **USA HOCKEY ASSOCIATE REGISTRARS**

USA Hockey Associate Registrars are cautioned against accepting too many jobs and responsibilities in Massachusetts Hockey. The fact that they have leadership qualities is the reason for their appointment as District/Divisional Registrars. Two major problems develop from taking on additional duties: 1) not enough time to do one job properly; and 2) a conflict of interest when matters of controversy arise.

## **COACH HELMET USAGE ENFORCEMENT POLICY**

1. Third Offense- Two game suspension. At the option of the local suspending authority, the offending coach may be allowed to practice with the team during the suspension as long as he/she wears a helmet.
2. Fourth Offense - As per USA Hockey Bylaw 10 (C). Notification on helmet Policy violation pending a hearing by the affiliate or suspending authority - disciplinary hearing must be held within 7 days of notification of the violation. Suspension should not be less than 30 days.

# Massachusetts Hockey, Inc. Record Retention and Document Destruction Record Retention Policy

Massachusetts Hockey, Inc. takes seriously its obligations to preserve information relating to litigation, audits and investigations. The Sarbanes-Oxley Act makes it a crime to alter, cover up, falsify or destroy any document to prevent its use in an official proceeding. Failure on the part of the Board members and volunteers to follow this policy can result in possible civil and criminal sanctions against Massachusetts Hockey, Inc. and possible disciplinary action against responsible individuals (up to and including expulsion from the organization). Each employee has an obligation to contact the President of a potential or actual litigation, external audit, investigation, or similar proceeding involving Massachusetts Hockey, Inc. The information listed in the retention schedule below is intended as a guideline and may not contain all the records Massachusetts Hockey Inc. may be required to keep in the future. Questions regarding the retention of documents not listed in this chart should be directed to the President.

From time to time, the President may issue a notice, known as a "legal hold" suspending the destruction of records due to pending, threatened, or otherwise reasonably foreseeable litigation, audits, government investigations, or similar proceedings. No records specified in any legal hold may be destroyed, even if the scheduled destruction date has passed, until the legal hold is withdrawn in writing by the President.

# 2013-2014 REGISTRATION PROCEDURES

## ONLINE REGISTRATION

Online Registration allows individual Members to register with USA Hockey. The Waiver of Liability is completed during online registration; copies of Waivers are NOT required for those registering online.

- Instruct your members to register online and send their Confirmation number/page to you.
  - Let your members know the following fees are collected during online registration: USA Hockey fee of \$40 for age 7&over and \$0 for 6&under and MASS fee of \$8 for age 7&over, \$0 for age 6&under (birth year 2007 and later).
  - Program Registrar opens Cyber Sport software and selects Claim Online Registration
  - Select appropriate member type and scan or type the confirmation number for all participants being registered. A file listing member type and confirmation number can also be imported.
  - Click Send/Receive to link the USA Hockey database to download requested records. All data the Participant entered during the Online Registration process will be downloaded into the Local Program's software. New records are added and existing records, with changes, are updated. Each record is marked as Transmitted thereby completing the registration process and allowing that Participant to be placed on a Team Roster. Important: You must Transmit all Players and Coaches as instructed above. You do not need to do data entry, create transmittal disks or collect USAH and MASS fees when using Online Registration. The online registration process is not complete until you transmit the confirmation numbers through Cyber Sport to USA Hockey. You may then assign your players and coaches to teams and create the Official Player Roster Form.
- Note: Online registration is preferred as online confirmation numbers are required to sign up for coach clinics, coaching modules and the coaching app.

Team Managers/Volunteer - online registration required

This registration is provided for your program to track volunteer participation through your software.

Instruct all your approved Managers and Volunteers that they are to register online with USAH (select ice MANAGER/VOLUNTEER) and submit their confirmation numbers to you. The Manager/Volunteer confirmation number will have "XX" as the first two letters. There is NO CHARGE for this registration. Manager/Volunteer registration does NOT allow on-ice participation. A Coach/Player may act in the capacity of a manager and their confirmation number can be transmitted through your software as a Manager or Volunteer.

## IMPORTANT: SafeSport Program Information

USA Hockey is committed to creating a safe and positive environment for all participants' physical, emotional, and social development, and has adopted the United States Olympic Committee's SafeSport training materials specifically customized for USA Hockey. This comprehensive program includes written materials, policies and a series of online training videos aimed at educating its members and preventing abuse. The training is available to anyone (including parents), free of charge. Officials, Coaches, Team Managers, Program Volunteers and parents are all strongly encouraged to complete the training this season. An online registration confirmation number (Player/Coach, Official or Team Manager/Volunteer) is required to access the video training. Additional information will be sent to all programs in the near future. Materials can also be accessed at <http://www.usahockey.com/SafeSport.aspx>

## BUILDING TEAMS

The Team Roster Form provides all information previously on the Team Application form. Coaching Education Program (CEP) Information

Note: Online confirmation numbers are required to sign up for coach clinics, coaching modules and the coaching app. You can connect directly to the USA Hockey national database and update your coaches CEP data at any time during the season. Click on the Update Personnel & CEP button on the main screen.

All Team Rosters require at least one Coach to be assigned to the Official Roster. When creating the roster in the Assign Personnel Screen, click on the drop down arrow by the Position box below the Staff area to label the coach as the "Head Coach", "Coach", or "Assistant Coach". At least ONE of the rostered coaches should be Certified at Level 3 to begin the season from Squirt teams up to Midget teams and from Girls U10 up to Girls U19.

The software will prompt you to make this change for all Tier I and Tier II teams -- you will need to remember to assign a Head Coach to all other Youth and Girls/Women's teams. MASSACHUSETTS prefers a Head Coach be designated for all Youth, High School and Girls/Women's teams. That "Head Coach" would preferably be the highest certified Coach listed on the Team Roster

#### TEAM ID

This field requires no input. The system will create a unique number for each team.

TEAM NAME The Team Name field is a maximum of 25 characters. Your choice.

#### CLASSIFICATION

Classification is the age of play (i.e. BANTAM, SQUIRT, 19&UNDGIRL, SR WOMEN, DEV (for Skill Development) etc).

Note: High School Teams, please note:

Division 1 are High School teams consisting of full-time students attending more than one high school.

Division 2 are High School teams consisting of full-time students exclusively from one high school.

DIVISION Use N/A or leave blank

#### CATEGORY

This is a required field. Use Tier I, Tier II, Tier III, Tier IV, Tier V, House/Rec, Club, Girls/Women

Note: If you want to register Tier I or Tier II Squirt team(s) you will need to do this for each new category: in the Category field, type the words Tier One and hit enter. A box will appear saying "This Category is new! Do you want to add it?" Click yes and then you will be able to register Tier One Squirt teams. Follow the same procedure to add 'Tier Two'.

#### Team Roster Form

The Cyber Sport system produces official USA Hockey Team Roster forms. A

Supplemental Roster is also available to provide for the printing of a roster with just the new members that are being added to a team. Prior to printing Rosters, be sure to update CEP information to get the most recent coach clinic and age specific module data for all Coaches...On the main screen, click on the button 'Update Personnel & CEP' New this year: Player signatures are no longer required on Official Rosters. This is a step toward our online Roster Management tool currently in development and projected to be available for the 2014-15 season. Additional information on this project will be sent later in the season.

To comply with MASS Hockey policy and to protect the privacy of our player's do this:

Print ONE copy of each Roster with the Players' Addresses.

Print ONE copy of the Roster without the Players' Addresses.

Please make sure you have assigned at least ONE coach to each Team Roster; preferably a coach certified at Level 3 to begin the season.

Send THREE copies of the Roster without addresses and ONE copy of the Roster with addresses to your District Registrar for approval.

Your District Registrar will keep the one with the street addresses and return a copy of the approved Roster without addresses to you.

Please Note: Girls Tier III Rosters are submitted to the respective District Registrar for approval and processing.

Girls Tier III Teams generally fall under a Local Youth Hockey Association.

The Credential Verification Form is available through the Reports button and can be created for each team. Please use this form for all teams going to the State/District tournament. The columns A-D labeled 'Local Use' do not apply and can be left blank.

#### Non-US Citizen Information

International Ice Hockey Federation regulations require that all non-US citizen players on youth and girls/women's classification teams be transferred by means of a letter of approval. There is no fee to process this written transfer. Under USAH Forms in your software, there are two Youth Transfer Forms – one for Canadians and a separate one for all other non-US citizens. Complete the appropriate form for all non-US citizen youth and girls/women's players in your program before games are played.

In addition to a completed Transfer, non-US citizen youth and all female players must also provide proof of resident status in the US. This information should be kept with the team registration materials and should be provided prior to regular season games. Additional information is available on the Youth Transfer Forms in your Cyber Sport. When a non-US citizen's transfer is complete and proof of resident status has been approved by the national office, the player's record will be marked as 'Transfer Complete' in the national database. You will be able to update your software with this information and the player's record will be marked as 'Transfer Complete' on the Personnel screen in your Cyber Sport Software. To update, click on the Update Personnel and CEP button on the main screen of your software. There is a column on the Player Roster and on the Credential Verification sheet that identifies non-US citizens. If the symbol is an 'O', the transfer is not complete. If the symbol includes a 'T'(valid visa) or 'S'(student visa), the Transfer is Complete.

New this year: There is now a rule limiting the number of non-US players in this country without their parents (student visa) for participation on Youth and Girl's National-Tournament bound teams. The exact wording is: All girls' national championship-bound teams are restricted to only two (2) players and all youth national championship bound teams shall be restricted to only four (4) players, in either case, that are non-U.S. citizens temporarily residing in the U.S. under any combination of the following immigration visa categories: F. Academic Students; J. Exchange Alien Visa; P. Athletes and

Entertainers [excluding their spouses and children under visa category P-4]; Category M. Non-Academic Student and Q. International Cultural Exchange Program participants. This restriction does not apply to non-U.S. citizens temporarily residing in the U.S. under category P-4, referenced above, or other visa categories not referenced above, excluding category B. Temporary Visitor.

The Participant Accident Claim Form is available to print out from your software. Click on USAH Forms...it's the 3rd one – Claim Form. Before you sign a claim form for USA Hockey, make sure that the participant is properly registered with your association.

## **GIRLS/WOMEN CLASSIFICATION**

NOTE in addition to the procedures below all USA Hockey and Massachusetts Hockey By-laws, Rules and Regulations and Procedures shall also apply.

Team registrations are due October 1st for National tournament bound teams, October 15th for Non-National tournament bound teams, and the balance of teams by December 1st. New Teams, non-tournament bound, may be formed after December 1st of the current season by applying to the Girls/Women's Registrar.

## **Player Registration**

GIRLS — Fifteen and Sixteen years of age as of December 31st

GIRLS — Thirteen and Fourteen years of age as of December 31st

- b. The player has NOT signed the USA Hockey Team Registration (Form 1T) with the original Girls/Women association in the same season.
- c. The waiver form has to be completed and returned to the Girls/Women Registrar or their designee for their approval and signature before the player participates in game competition with the waived to association.

## **Roster Changes**

All applications for a roster change for the National Bound Teams Roster must be returned to the Girls/Women Registrar before November 15th for fall state tournament teams and before December 31st for spring state tournament teams with the proper fee for their approval and signature before the player is eligible to participate with the association and specific team.

## **Dual Registration**

Girls who register with more than one Team must declare in writing to her USA Hockey District Registrar, or his/her designee, before November 1st for fall state tournaments and December 31st for spring state tournaments which tournament bound team she wishes to be eligible to advance to the District, State and National Tournament. If the player does not indicate which team she wishes to be eligible for District, State, and National Tournaments, the District Registrar shall have authority to certify the eligibility of any such player solely on the basis of the date of the earliest Team Roster Registration form is received.

## **Select Girls Team**

Select Girls/Women Teams may be formed with the direction and approval of the Girls/Women Registrar and the Massachusetts Hockey Board of Directors. Select Girls Teams may NOT participate in sanctioned National and Non-National Tournaments.
