This report focuses on the foundation of USA Hockey's membership – the 8 & under age category. Analysis of USA Hockey's membership data has shown that growth in this age category will positively impact the larger 9 to 14 age groups for many years.

During the last four seasons, concentrated growth efforts in the 8 & under age category has produced positive results:

- The 8 & under segment has seen a 20% increase in membership since the 2007-08 season
- In 2011-12, there was a record number of 8 & under participants with over 107,000 registered members

This report examines the 8 & under membership category, both at the National and Affiliate level for the past five seasons and past three seasons at the local association level. This is done to help all levels of USA Hockey's structure understand their past performance and create achievable growth goals for the 2012-13 season.

To continue to increase participation and membership, USA Hockey must remain focused on the following two key initiatives:

- Attracting new players each season in the crucial 8 & under age category
- Retaining participants from one season to the next in local youth hockey programs

Putting growth initiatives into action requires a coordinated effort between USA Hockey national staff and youth hockey volunteers at the grassroots level. USA Hockey provides resources for local associations to use in both the acquisition and retention of 8 & under players.

The 2 and 2 Challenge, explained in greater detail later in this report, is a comprehensive program utilizing existing national growth programs, resources and tools to help local youth hockey leaders achieve their 2 and 2 Challenge goals. Their goals are to add two additional new players and retain two more players, than the previous season's total.

Combining growth of the game at the youngest age levels with USA Hockey's American Development Model (ADM) will ensure the future health of the hockey in the U.S.

RETENTION INCREASES WITH AGE

The older a player gets and/or the more seasons a player plays, the more likely that player will stick with youth hockey. So while retention rates are high from Squirts on up, the overall growth of hockey relies on acquiring more 8 & under players.

Pacific Northwest's retention results for 2011-12 by age segment:

- **44.9% of all 4 Year Olds returned as 5 Year Olds** – National Average 37.4%
- **54.5% of all 5 Year Olds returned as 6 Year Olds** – National Average 56.2%
- **67.2% of all 6 Year Olds returned as 7 Year Olds** – National Average 68.9%
- **72.7% of all 7 Year Olds returned as 8 Year Olds** – National Average 76.1%
- **79.7% of all Squirts returned in 2011-12** – National Average 84.7%
- **86.1% of all Pee Wees returned in 2011-12** – National Average 90.6%
- **89.1% of all Bantams returned in 2011-12** – National Average 93.9%

GRADUATION RATE OF 8 & UNDERS

Thanks to the concentrated focus on growing the 8 & under base level, local programs are seeing more players graduating onto the 9 to 14 age groups.

2 AND 2 CHALLENGE

The 2 & 2 Challenge is a comprehensive growth program for local associations. It is a blueprint that guides youth hockey leadership through national programs and tools to realize their growth goal of acquiring two additional players and retaining two more players than last season.

By participating in the 2 and 2 challenge, your program will achieve the following:

1. Drive participation in the 8 & under age group to ensure continued growth as these players graduate to older age levels.
2. Establish itself as the best youth sports option in your community.

To complete the 2 and 2 Challenge, associations utilize three programs that drive growth – **Retention**, **Acquisition** & **Conversion**.

RETENTION—*Welcome Back Week*

Reaching out with a personal invitation to return to youth hockey is crucial. For this program, associations coordinate phone calls inviting families back to youth hockey.

ACQUISITION—*Try Hockey For Free Days*

Try Hockey events provide associations the opportunity to attract new families to the rink. Last season over 17,000 kids were introduced to youth hockey through this program.

CONVERSION—*Transition Program*

Children that sample youth hockey don't always become a new hockey player. A low-cost, low-commitment program to easily transition families from try hockey to youth hockey will significantly increase the likelihood of adding more new players.

By taking advantage of all three national programs, associations will be recognized as achieving the 2 and 2 Challenge and be rewarded with starter equipment and will receive national recognition. If programs choose, they can participate in additional national initiatives to achieve a higher status.

To learn more and to accept the 2 and 2 Challenge, visit www.2and2Challenge.com or call (719) 538-1124.
