This report focuses on the foundation of USA Hockey’s membership – the 4 to 8 year old age category. To increase participation in youth hockey, a consistent effort must be made to target growth and retention of players in this age category. Analysis of USA Hockey’s membership data has shown that growth in the 4 to 8 age category will positively impact the larger 9 to 14 age group for years to come. Conversely, a recent decline in 4 to 8 year old membership is to blame for the current membership situation in the 9 to 14 age range.

To increase participation and membership, USA Hockey has created an effective plan based around the following two initiatives:

- Attracting new players each season in the key 4 to 8 year old age category
- Retaining participants from one season to the next in local youth hockey programs

After two seasons of concentrated efforts to grow youth hockey participation in the 4 to 8 year old age category, there has been a positive impact. The age segment has seen a 7% increase in membership since the 2007-08 season, including a 4.5% growth in the 2009-10 season (see chart below). Historically, the age segments best years come during Post-Olympic seasons which means that the 2010-11 season should result in a third consecutive growth year in 4 to 8 year old membership.

The analysis contained in this report examines the membership in the 4 to 8 year old category on the National, Affiliate and Local Association levels for the past 10 seasons (2000-01 through 2009-10). This is done to help all levels of USA Hockey’s structure understand their past performance in membership at this age level and to create reasonable growth goals for the 2010-11 season.

Unfortunately, 44% of children still leave youth hockey before age 9. This sobering statistic disproves the notion that “once a kid gets on the ice, they are hooked on hockey.” Barriers to entry such as time commitment, cost and enjoyment must be addressed to retain a child in youth hockey.

Putting growth initiatives into action requires a coordinated effort between USA Hockey national staff and youth hockey volunteers at the grassroots level. USA Hockey provides resources for local associations to use in both the acquisition and retention of 4 to 8 year olds. The 2 & 2 Challenge, explained in greater detail in this report, defines membership goals by asking youth associations to grow by acquiring two more players and retaining two more players than last season.

Combining growth of the game at the youngest age levels with USA Hockey’s new American Development Model (ADM) will ensure the future health of the game in the U.S.

RETENTION INCREASES WITH AGE

The older a player gets and/or the more seasons a player plays, the more likely that player will stick with youth hockey. So while retention rates are high from Squirrels on up, the overall growth of hockey relies on acquiring more 4 to 8 year olds.

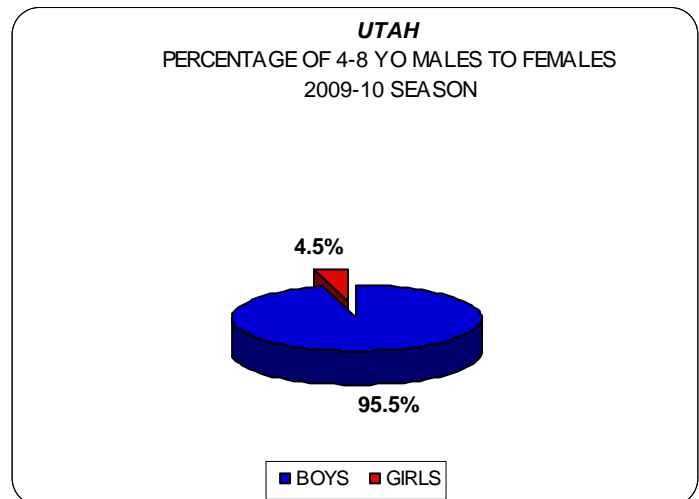

Utah retention results for 2009-10 by age segment:

- **40.4% of all 4 Year Olds returned as 5 Year Olds** – National Average 32.1%
 - **47.4% of all 5 Year Olds returned as 6 Year Olds** – National Average 52.5%
 - **54.5% of all 6 Year Olds returned as 7 Year Olds** – National Average 67.8%
 - **71.9% of all 7 Year Olds returned as 8 Year Olds** – National Average 76.2%

Nationally, boys represented 85.6% of all 4 to 8 year olds in 2009-10 while girls represented 14.4%.

2 & 2 CHALLENGE

The 2 & 2 Challenge is a call to action for local associations. It is designed to provide an attainable goal for growth at the 4 to 8 age group, regardless of the size of the local youth association.

Example:

Each association **acquires two** more players than last year.

- 2009-10: if your association added 22 new players, your 2010-11 goal is acquire 22 players + 2 more = 24 new players

Each association **retains two** more players than last year.

- 2009-10: if your association retained 30 players, your 2010-11 goal is to retain 30 players + 2 more = 32 retained players

RESULTS: Meeting this challenge could help this association grow by 7.7% and contribute to the overall growth of the game.
