## THE GREATNORIHMESTBASKEIBALLEAGUE

2005-2006 POWER RATINGS
Note: For 6th through 9th grade teams, ratings reflect performance in The Great Northwest Basketball League during the 2004-2005 season. The one exception is a small number of teamsthat played in the League during a previous season, but not in 2004-2005. In these cases, the rating listed is from the last season played. When a rating for a 6th through 9th grade team is from a year previous to the 2004-2005 season, it is noted with parentheses ( ). All ratings of 10th, 11th and 12th grade teams are from the last yearthe team in question played in the League -- typically 8th grade. While we recognize that this information is dated, it provides some indication of the relative talent of a community's overall program, through high school, for puposes of projecting which programs are likely to be stronger in the years ahead.
