

SASKATCHEWAN HIGH SCHOOLS ATHLETIC ASSOCIATION

2013 Annual General Meeting Resolutions

Bylaws
13/02/01

BE IT RESOLVED that Eligibility to Represent School Teams Bylaw (Transfer Policy) approved at the 2012 AGM be amended as follows:

ELIGIBILITY TO REPRESENT SCHOOL TEAMS

1. Students shall play as a representative of the high school in which they first registered as a bona fide high school student. In case of transfer from one school to another the student shall ~~become eligible~~ **be deemed ineligible** to participate in interschool athletics in the new school following the acceptance of this transfer-in by the principal (*see Transfer Policy and Transfer Form*).
2. Transfer Policy:
A student who transfers schools is ineligible for interscholastic competition unless they establish their eligibility for participation. The onus is on the student **and family** to provide the school with information required to establish eligibility to the satisfaction of the SHSAA.
3. Establishing Eligibility:

In order to establish eligibility for participation in athletics, students who transfer schools must meet one of the following three (3) conditions:

1. Change of Residence

- a) **Parent to parent move:** the student moves to reside with the parent with whom they have not been living. Only two such transfers are allowed in a student's three years of eligibility. Except as otherwise provided, the residence of any student shall be deemed to be that of the parent to whom custody has been awarded by a court of competent jurisdiction. If no custody order has been entered, the residence shall be deemed to be that of the parent who had actual custody immediately upon separation.

OR

- b) **Family move:** the student has moved with the parent(s)/legal guardian(s) who have changed residence within the previous 12 months, to reside within the catchment area or normal boundaries of the school at which the student has registered. Any change in residence must be bona fide. Determination of what constitutes a bona fide change of residence depends upon the facts of each case. In order for a change of residence to be considered bona fide, at least the following facts must exist:
 - i. The original residence must be abandoned as a residence; that is sold, rented or disposed of as a residence, and must not be used as a residence by another member of the family;
 - ii. The entire family must make the change and take with them the household goods and furniture appropriate to the circumstances;
 - iii. The change must be made with the intent that it is permanent.

NOTE to a) and b) above:

- i. Under no circumstances can a student have more than one residence for eligibility purposes. It is the obligation of the school to know the residence status of each athlete and to require compliance with these requirements.

- ii. Legal Guardianship: Without limiting the generality of the foregoing, when considering eligibility the SHSAA may take into consideration the existence of a Guardianship Order issued by a Court of competent jurisdiction. However, the existence of such a Court Order shall not be determinative of the issue of the eligibility of any student to participate in SHSAA governed athletic activities.

OR

2. Directed by Legal Authority

- a) The student is directed by legal authority to move from their current school to a different jurisdiction. Without limiting the generality of the foregoing, for the purpose of the transfer policy "legal authority" shall include but shall not be restricted to:
 - i. a Court of competent jurisdiction; and
 - ii. any department or agency of the Provincial or Federal government acting within the scope of its authority or pursuant to an Order of a Court of competent jurisdiction; and
 - iii. any school board or school authority acting within the scope of its authority or pursuant to an Order of a Court of competent jurisdiction.
 - b) A student whose custody has been established by court order or social service agency decision is eligible for participation at the school to which he or she is assigned.
3. In the event that a student cannot satisfy the requirements for eligibility as set out in paragraphs 1(a), 1(b), 2(a) or 2(b), then the SHSAA may in its absolute discretion determine a student to be eligible upon proper completion of a Transfer Form (page 155) that shall contain:
- a) Signatures of approval from the principal and the athletic director of the school receiving the student; and
 - b) A signed statement from at least one parent or legal guardian stating that the primary reason for the transfer is for an educational purpose, and that the transfer is not being made primarily for an athletic purpose or primarily so that the student can participate in athletics; and
 - c) An acknowledgement signed by the student and his/her parent/legal guardian stating that they understand that the student is ineligible to participate in SHSAA governed activities. ***The school may apply for the reinstatement of the student's eligibility but the student is ineligible until such time that the SHSAA office rules upon the eligibility given the submission of a written report by the receiving school. Any student that transfers within their three-year eligibility period, will be ineligible at the second school in any activity they participated at their 'home' school during the previous year. The student will be eligible immediately at the new school in all activities they did not participate in at their 'home' school. Should the student have an additional year of eligibility at the second school, they would be eligible in all activities after having sat out their one year.***
 - d) An acknowledgement signed by the student and his/her parent/legal guardian stating that they understand that the student shall not be allowed to participate in SHSAA governed athletic activities at a second school in the same sport during the same season, except in the event that the SHSAA determines the move has occurred due to circumstances listed in the policy as paragraph 1(a), 1(b), 2(a), 2(b). Unless in the sole determination of the Executive Director, it is in the best interests of the student to do so.

Transfer Policy Appeals

Where a member school is dissatisfied with the application or interpretation of the Transfer Policy, or if the school feels that there are extenuating circumstances, the school principal has the right to appeal, in writing, the decision on transfer to the SHSAA Executive Director. The Executive Director will investigate the appeal and report to the Executive Council. The Executive Council decision may be appealed to a Board of Review.

Undue Influence

No student shall be subjected to undue influence by an individual or group of individuals to induce or cause him/her to transfer from one school to another for athletic purposes. If allegations of recruiting are made against a school, the burden of proof in substantiated form

must be borne by the accusing party. Allegations of recruiting that are substantiated will be processed as infractions according to the section of the Bylaws known as Breach of Bylaws by Coaches or Supervisors and Breach by Members.

Violations

Violations of this policy could be subject to a period of suspension from participation in interschool sport of up to one year at the discretion of the Executive Director.

4. Grade 9 Students may participate in team sports at the school they would normally attend upon promotion to Grade 10 provided that the student otherwise meets eligibility requirements.

NOTE: Students may only participate on one school team, which will participate in division, district and post-district play.

Whereas: Given the fact that there is more and more being asked of our teacher/coaches in the daily duties of teaching and; that their workload is also increasing; and recognizing that the Association must do all it can to protect the welfare of our coaches and respect their family time; this guideline will now become policy. Given that the provincial government has mandated that school not begin until the day following Labour Day, practices for all activities (other than Football because of the safety aspect) shall not begin until the first day of school.

BE IT RESOLVED that effective 2014-2015, the Guidelines for Interschool Competition (start dates and maximum number of contests) become policy and as such, should a school breach this policy, the school will forfeit their involvement in that current year's SHSAA playoffs.

Background: It is indeed a philosophy and mandate of this Association that the value students receive from school sport is not about how many games they play, but that they learn the skills of the sport through practice, and develop their life skills through their involvement with school sport.

Cross Country
 13/11/01

BE IT RESOLVED that the Association adopt the following clarification on the general rules of cross country effective September 2013:

8. GENERAL RULES:

- f) Competitors in cross-country events are not allowed to receive any assistance or refreshments from any person during the progress of the race. ***Given this and the recommendation that the course be built as a 1km loop and a 2km loop, the expectation of coaches and parents being allowed on the course is not applicable.***

SHSAA ExecutiveCARRIED

13/11/02

BE IT RESOLVED that the Association adopt the following clarification on the general rules of cross country effective September 2013:

5. PROVINCIAL MEET REGULATIONS:

d) The provincial cross-country meet will begin at 1:00 p.m. and continue on the approximate time schedule and order as follows:

- | | |
|--------------------------|--------------------------|
| 1:00 p.m. – Midget Girls | 1:55 p.m. – Junior Boys |
| 1:15 pm. – Midget Boys | 2:20 p.m. – Senior Girls |
| 1:35 p.m. – Junior Girls | 2:40 p.m. – Senior Boys |

Note: Because the recommendation states that the course be built as a 1km loop and a 2km loop, it is not possible to begin any race before the previous race has been completed. There is also an expectation that the host provide an ATV that follows the last runner of any race. This would make it a safety concern for any race that is on the course following the ATV. This is a resolution based on the recommendation of the Cross Country Advisory Group.

13/13/02

BE IT RESOLVED that for Regional and Provincial Badminton, the following tie-breaking procedure will be adopted.

3. **TIE BREAKING PROCEDURE:**

THE FOLLOWING WILL BE IN EFFECT FOR BOTH THE REGIONAL AND THE PROVINCIAL TOURNAMENT SHOULD IDENTICAL WIN/LOSS RECORDS OCCUR:

Consider matches won/lost first, then use the tie-breaking procedure.

TWO TEAMS TIED – The team that won the match between the two teams involved in the tie.

THREE OR MORE TEAMS TIED – Points per match total: i.e. each match worth a total of three points as follows:

- 1) Team Winning 2 – 0 = 3 points
- 2) Team Winning 2 – 1 = 2 points
- 3) Team Losing 1 – 2 = 1 point

Points are calculated for all matches played, involving the entire round.

- 1) **Match won/lost ratio**
- 2) **Games won/lost ratio (using all matches in the round robin)**
- 3) **Total points for/against ratio (using all matches in the round robin)**

3.1 **If this still leaves 2 players/pairs tied, then the match between them is used to determine the next two placings.**

3.2 **If three or more players/pairs are still tied after the above three criteria are applied, the ranking will be established by drawing lots.**

NOTE: ~~Once the three way tie is broken, the match results between the remaining two teams will be used to determine the placement.~~

~~a) If still tied, then the team with the fewest points scored against them in matches played between the teams involved will be declared the winner.~~

~~b) If still tied, then the team with the fewest points scored against them in the matches played involving the entire round will be declared the winner.~~

~~c) If still tied, the winner will be declared by playing a single game, match-style tournament against the teams involved, with opponents deciding upon a draw performed by the commissioner.~~
