

Patrons of the Arts and Activities

Supporting Students in the Arts and Non-Athletic
Activities in the Prior Lake-Savage Schools

Attention Parents–We need your support & involvement!

We have a need for additional parent and community support of the arts and non-athletic activity programs within our district. The **Patrons of the Arts and Activities (PAA)** is the official booster club supporting:

Choir - Band – Theater – Robotics - Mock Trial

Speech - Knowledge Bowl - Middle School Band & Choir

The Need:

Each of these activities needs parent volunteers and financial support beyond what the school budget and activity fees can provide. PAA and our individual activity booster clubs help provide support such as:

- Band instruments and equipment,
- Assistant Coaches/Directors for activities such as Theater, Knowledge Bowl, Speech and Mock Trial,
- Judges for Speech and the Festival of the Oaks Middle School Band festival,
- Materials and equipment for Robotics,
- Sound equipment in the PLHS auditorium to support Theater and Choir performances,
- And many volunteers at events, performances and to run our booster organizations.

Eric Rodine, Activities Director at PLHS said *“The PAA is a vital organization in keeping our Activities among the best in Minnesota. With the budget reductions in the past four years, PAA has helped financially and put in countless hours of volunteering.”*

Our Request

We are currently seeking donations and additional parent involvement to adequately support the current and future needs of these programs and our amazingly talented students. See the attached [Interest Form](#) for several ways to be involved and consider a financial support donation using the form in the attached brochure. This information has been prepared by PAA.

To learn more: See the information in the attached PAA brochure or visit www.plhsactivities.org and click on the “PAA” page. You may contact us directly at plhspaa@gmail.com or at the address listed below.

Thank you for considering supporting PAA and to all of our current volunteers and donors who are making a difference in the lives of our kids!
