

A Memorable Moment

One Sunday afternoon I was all geared up for a big hockey game. It was the championship game! It would not be an easy game! When it was 1:00pm, the game would start. My team was ready for the game! After the first period it was 1-0 my team was winning. In 2nd period the score was 2-2. It was tied. The 3rd period had started. It was tied 3-3. We went into overtime! Then the game got even harder. Then a nice pass by my team was the moment to shine. The puck went in the net! The moment happened. We won the championship game! It was a fun game! My team won because of teamwork. After the game, I got the biggest trophy. It was a fun end of the game. It was a great day!
