472 The athletic director assigned to each sport shall have the authority to act on behalf of the Greater Metro Conference to assure that compliance with the Greater Metro Conference By-Laws are followed in the selection of the All-Conference Teams. This information shall be sent to the news media for the release at his/her discretion.

473 An All-Conference Team will be selected in each sport sponsored by the GMC. The selection process in each sport will be proposed by the varsity head coaches participating in that sport (including non-charter member schools) at that sport's end of season meeting. The selection process proposed by the coaches must be approved by the GMC's Charter Member Athletic Directors and Principals. The approved selection process for GMC All-Conference Teams in each sport will be listed in the individual sport by-laws that are prepared and maintained by the AD assigned to run that sport by the Conference.

In a sport where GMC All-Conference Teams are determined by the coaches' voting, the head coach of any nominee must disclose any ineligibility or violation of that school's athletic code that player had during that sports' season. This disclosure will allow coaches to consider this information when voting for the GMC All-Conference Teams. Past season or other sport season violations will not be disclosed. All-Conference athletes can have a violation, but regardless of the voting procedure used or conference tournament results involved, each school will maintain full autonomy and have full discretion to determine whether their athlete should receive the award.

In a sport where GMC All-Conference Teams are determined by the coaches' voting, there will be no ties for GMC All-Conference Teams which would increase the total number of awards given for that sport for that season. If two or more athletes have the same number of votes, and a tie results that would increase the number of awards issued, the coaches must attempt to break that tie. If after three attempts of using the voting procedure determined in each sport the coaches are unable to break the tie, the Athletic Directors will break the tie and determine which athlete or athlete will receive the award at the next regularly scheduled Athletic Directors' meeting.

In a sport where the coaches' voting determines GMC All-Conference Teams, coaches cannot add "throw-on's" for Honorable Mention. All-Conference Honorable Mention must be nominated and receive a vote(s) according to that sports voting process for 1st, 2nd, or 3rd Team to be eligible for Honorable Mention.

474 **Senior and Junior Scholar-Athlete Award:** The Greater Metro Conference will annually award the Senior and Junior Scholar-Athlete Awards to those student-athletes who have been nominated for this award by their school. Student-athletes must participate in sports sanctioned by the Greater Metro Conference in order to be eligible for the Scholar-Athlete Award. All nominees will meet the following criteria: (updated 11/2019)

1. All athletes must be seniors or juniors.
2. They must have won a letter and continued to participate in the athletic program through their junior or senior year. (Managers, statisticians, etc. are not included)
3. The GPA must be 3.5 or better to be nominated.
4. Class rank will be determined by the 7th semester grading period.

475 An Athlete of the Year will be selected in each sport sponsored by the GMC. The selection process in each sport will be proposed by the varsity head coaches participating in that sport (including non-charter member schools) at that sport's end of season meeting. The selection process proposed by the coaches must be approved by the GMC's Charter Member Athletic Directors and Principals. The approved selection process for GMC Athlete of the Year in each sport will be listed in the individual sport by-laws that are

prepared and maintained by the AD assigned to run that sport by the Conference.

The head coach of any nominee for Athlete of the Year must disclose any ineligibility of violation of that school's athletic code that player had during that sport's season. An Athlete of the Year cannot have served a suspension (missed a game/contest/match) for violation of that school's athletic code during that sport's season. Past season or other sport season violations will not be disclosed by the coach in the nomination or voting process. Regardless of the voting procedure used in a sport, each school will maintain full autonomy and have full discretion if an athlete from their school is eligible to receive the award. There will be no ties for Athlete of the Year. If after three votes, the coaches are unable to break a tie, the Athletic Directors will break the tie at the next regularly scheduled Athletic Directors' meeting.
