

Soccer Awareness Elite Academy ID Camps

Do you want to get to the next level in your soccer development? If so read on.

These specialized coaching and training programs by professionally qualified head coach Wayne Harrison with proven records of success; are designed to cover: Skill development; and Tactical and Psychological development training. Age group specific curriculums to work from Small sided games, Functions and Phases of Play, and scrimmage game situations for individual player team development using the actual "Barcelona of Spain" Model of player development also.

Ages 7 to 14 years welcome to attend.

Players will be placed in their appropriate age groups and level of play so each group will be a challenging environment for them

The game is getting faster using fewer touches on the ball, which creates the need for quicker thinking; quicker moving and better decision making players,

THIS is EXACTLY what we will teach

From this camp we will hand pick players to invite to our regular Specialist player group training that will comprise of up to 20 players per group only; to ensure quality training with quality players.
