

Welcome to the start of another sports season! As Waukesha West High School athletes get ready for their sports season, we are happy to partner with Children's Wisconsin as the official medical provider of athletic training services. We are eager for the Waukesha West families to experience the high standard of care we provide at Children's Wisconsin.

Student athletes will experience high-quality and professional care from Missy Hansen, MS, LAT, athletic trainer for the Wolverines. Missy will focus on prevention, recognition, management and rehabilitation of injuries from athletic participation. She will be on campus daily throughout the school year and will cover most home athletic events.

Missy Hansen, MS, LAT

OFFICE HOURS:
Monday-Friday,
2:30-5:30 p.m.

CELL:
(262) 498-6197

EMAIL:
mhansen2@childrenswi.org

Having a Children's Wisconsin licensed athletic trainer on-site ensures immediate assessment of injuries and can provide guidance and reassurance for athletes, parents and coaches. In the event of an injury, Missy will provide emergency care and bridge the gap between real-time injury management and access to physician services within the Children's Wisconsin system. Meanwhile, she will coordinate the communication with the medical team, injured athlete, parents and coaches on how and when an athlete can safely return.

You can schedule directly with the orthopedics, sports medicine and spine team by calling **(414) 604-7512**. We will help you find the appropriate health care provider for a timely appointment in the location most convenient for you.

Looking forward to a healthy and safe athletic season!

Be well,

Kat Tase, LAT, OTC, PES
