

DO YOU WANT TO LEARN TO PLAY HOCKEY LIKE A TIGER?

Gardiner Youth Hockey Association has openings at the Squirt (birth year 2004 -2005) and Mite (birth year 2006—2007) levels. These are developmental programs with two practices each week—Mondays and Wednesdays from 6:05—7:10 PM at Kent’s Hill School, with games on the weekends. Our focus is to introduce and develop new players to the game of hockey. We do this through structured, well coached practices that stress FUN, skills development, and team work.

“But I heard hockey was expensive?”

GYHA has always worked very hard through its fund raising and community development efforts to keep hockey as affordable as possible. In addition, we are offering a special promotion:

****New Players Play for the Whole Season for Just \$95!**** We also have some equipment available to borrow and will work with families to help find affordable equipment. In addition, you can try it for up to 4 weeks **FREE** before committing to the season! Bring friends with you to enjoy the fun together!

“Don’t hockey players have to travel a lot and have really early ice times?”

These teams are part of a developmental program, not a competitive ‘travel hockey’ team. Games will be at rinks that are not far away. We have also been able to schedule very convenient practice ice times on Monday and Wednesday each week and that won’t change.

“My son / daughter has never skated before. Can he / she play?”

Absolutely! We are committed to sharing this sport with anyone who wants to learn. Your child will learn to skate in a welcoming environment with encouragement and coaching.

“How do we learn more? “

Lots of information about our association can be found on our website: www.gardinerhockey.com. You can also e-mail us at: president@gardinerhockey.com or contact Bob Michaud the Squirt Coach directly: (207) 740-6585 or webmaster@gardinerhockey.com

Gardiner Youth Hockey is a non-profit organization focused on youth athletics and player development.
This is not a school sponsored event
