

The WWCA would like to pass on the best of luck to your teams/communities in the State Tournament series. Great memories and stories are created at this time of the year, which makes it the most exciting part of the season. Good Luck Everyone! The below is a request on behalf of the WWCA. Less than 50% of the membership voted last year and it really is a responsibility as a member of the organization to go and vote. Take the time and go to the website and be a part of the voting process. Also, as a note there was no WWCA Sectional Meetings this year. The information that was in the Crossface, our website ([www.wwca.org](http://www.wwca.org)), and through the membership email were ways of passing the information along. Take the time and check it out.
