

TeamSnap www.teamsnap.com is an online team manager service that saves you time by allowing you to efficiently manage your sports team. This is perfect for soccer, baseball, basketball, softball, and many other sports. The free version provides the following features:

-  Team Roster
-  Schedule
-  Messages
-  Privacy & Security
-  Team Website
-  Facebook Share

There is also an App for iPhones and the Droid Market.

MCAA is NOT responsible for upgrading to paid versions of the service. Note that upgrades start at less than \$10 a month, and since this is a pay as you go service the free version will be available if you decide to change the plan back.

Six Cool Things about TeamSnap

1

TeamSnap is 100% web-based so all you need is a web browser — no other software is required.

4

TeamSnap works great with both adult and youth teams.

2

TeamSnap offers free and premium pricing plans. Premium plans are a simple monthly or annual amount — there are no per-user fees.

5

TeamSnap can be easily customized with team logo, team photo, team colors and more.

3

TeamSnap was created by folks who both play and coach.

6

All your data is 100% private and password-protected — nobody can access your team without specific permission from you.
