

## Our Coaches

“The personal attention to details by the coaches was really important to me. I like that there were a sufficient number of coaches available to allow for that personal attention. I liked the variety of skating skills that were covered and the fact that these basic skills were repeated daily to allow us to practice them.” - Banu C.

One of the best things about a **Weekend Warriors** camp is the outstanding coaching staff. First and foremost, they are highly qualified. Most of them coach teams at the collegiate or professional level. However, just as important as their knowledge and skill is the fun and passion they bring to the camp. Our players are constantly amazed that such high level coaches are so approachable, friendly and interested in helping recreational level players like them. The coaches' intense love for the game coupled with their fondness for working with eager adults help create an atmosphere that is above and beyond any you have ever experienced. Not only will you improve your hockey skill and knowledge, but you will have an experience filled with fun and camaraderie. You will, after all, become a part of the **Weekend Warriors** family!

### Giving the Gift of Hockey

Weekend Warriors camps make a great (Birthday, Christmas, Father's Day or Mother's Day) gift to that special hockey player in your life. If you're not sure which date or location works best, we even allow you to choose/change your camp date after the surprise is out. If you're the hockey player in the family, start dropping hints today!

"This was a great experience! I would recommend it to any adult hockey player who wants to improve one's game while meeting other great hockey folks from around the country (or world)!" - Joe T.

"I improve my game more in the four days of WW than I do in an entire year of league and pickup games." - Brad S.

"You have assembled an amazing team and let them build an incredible program. Every aspect, from warm-up to scrimmage, has definitely been crafted to elevate the players total game. Just an unbelievable experience from start to finish." - Thomas M.

## OUR PHILOSOPHY

**Rick Parisi**  
*Chief Executive Warrior*

I am NOT a hockey coach. I'm an adult recreational player **JUST LIKE YOU!** And my story is probably similar to yours. I played street hockey as a kid, but I was 30 years old before I strapped on the skates and tried to play organized ice hockey. It was very humbling, and yet so intoxicating. I

knew I was hooked for life.

So what made me start this business? Well, first of all, I totally understand what you, the adult recreational player, want. We want the chance to improve our skating, our hockey skills, our positioning and our understanding of the game in a fun and relaxed atmosphere. But just as importantly, we want to do it with our peers, not with a bunch of hot-shot kids. So instead of engaging in grueling off-ice training sessions, when we get off the ice we are more likely to sit down and share a beer with our fellow players, or turn in early to rest our, well, shall we say "fitness-challenged" bodies.

Secondly, I did not want to create a fantasy camp - not in the traditional sense. It's not about meeting famous NHL players. For **Weekend Warriors**, our fantasy is that we get to play this wonderful game as adults, even though we earn our living in a completely unrelated "arena". For us, that fantasy is a reality.

Lastly, I have surrounded myself with some of the best coaches you will find anywhere. These guys not only understand hockey, but they have a passion for the game. Their passion is contagious, which adds to the fun and camaraderie you will experience. Our coaching is continually cited in our post-camp evaluations as the best part of our camp experience.

I am frequently asked if I go to the camps. The answer is absolutely "Yes". My primary responsibility is to be there to make sure that your experience is the best it can be. But it is also my reward. Organizing hockey camps is difficult and time consuming. But meeting the players, hearing your stories, feeling your passion and love for the game - that is incredibly rewarding for me. And that is why I will continue to strive to make **Weekend Warriors Adult Hockey Academy** the very best hockey camp experience for all of us. You will improve your game, and have a great time doing so.

***I guarantee it!***

# ATTENTION GOALIES!

We provide you with a dedicated goalie coach and goalie-specific curriculum. This ensures that you receive the special attention required to improve your game at the most important position on the ice!

“Coach Jimmy was awesome, I will be coming back to have his Goalie coaching again.”

– Samantha P.

“This was my 5th year and I am still learning. I'll be back!”

– Tom M.

“I feel my skating improved immensely and I learned how to see things on the rink that I hadn't been able to before. The (off ice) chalk talks were exceptional! One of the best experiences of my life!! Weekend Warriors is by far the best Adult Camp out there!!”

– Jenny T.

“Just fantastic, a great experience and worth every penny. Friendly, knowledgeable and approachable coaches make it the best.”

– Tom R.

“I had my first post-camp game today at 5, and it was amazing. It was the best I ever played. My skating and stick handling improved tremendously. The game slowed down noticeably. I would guess I am skating at least 25% faster and am able to chase down most skaters. For those I can't just chase down, I was able to angle them away from the play. I have never been more confident with the puck and actually lifted my head to look around before making a play. As you guaranteed, my game has improved.”

– Jason R.

## You Will

- Improve your skating and hockey skills
- Advance your understanding of the game
- Have a great time and meet other players!

## New Camp Locations

We are always on the lookout for the next great camp location. By demand from our passionate players, we have already added Atlanta, Nashville and Pittsburgh for 2015. But we have room for another city or two.

### How do I go about requesting a new camp location?

There are several ways:

- 1) Check out our Potential New Camps Locations page on our website for a list of camp locations we are considering, and add your name to the list. Once we get enough names interested in a destination, we will begin the process. Or,
- 2) Organize a group of 20 or more players for a location of your choice, and you attend free. Call or e-mail us for details. Or,
- 3) Have your local rink manager reach out to us. If the rink is motivated, then so are we.

**Rink Managers:** *If you would like us to bring our camp to your facility, please call or send us an e-mail.*

## Camp Curriculum

At Weekend Warriors, we are continually evolving and improving our camp experience. For example, we have incorporated more strategy elements to our program. This change has been so well received by both our new players and alumni alike that all Weekend Warriors camps now feature this ideal blend of skill development and game strategy elements. Further, each camp is different, as new drills replace some of the old, and the coaches' vast experience enables them to masterfully tweak the curriculum for the needs of the players in attendance. So whether this is your first, second or seventh camp, we will help you elevate your game in so many ways!

## Weekend Warriors Scholarship Program

Each year Weekend Warriors offers a scholarship to 3 deserving players. The value of the awards will be equivalent to one half the value of the camp they apply to attend. We want to provide additional opportunities for impassioned adults who might not otherwise be able to attend. Applicants for these awards should have a financial need, a strong desire to improve, and have a great passion for the game. Full details are available on our website.

## Money Back Guarantee

If we fail to meet your camp expectations, we will refund your camp fee. Period.

## Note on Hotels

**Weekend Warriors** has negotiated special rates in advance for you. Be sure to book your room before the release date, which is typically 30 days prior to the camp. This date and other location-specific details are published on our website. All hotel rates are quoted per room, either single or double occupancy. Therefore, you may split the cost of a room with another player without incurring additional charges.

## Social Activities

The social aspect can be one of the most memorable parts of attending a **Weekend Warriors** camp. At every camp, we schedule at least two group social activities:

★ The evening after our first skate, join us for a **"Break the Ice" Party**. This low-key gathering provides an ideal opportunity to meet your coaches, staff and fellow players.

★ On Saturday evening we hold our **Camp Banquet**. By this time everyone has gotten to know each other, so you are sure to have a good meal and a good time! If you are traveling with a friend or spouse who is not participating in the camp, he or she is welcome to join us at these social events for a nominal additional cost.
