

Adding players to the Team Roster

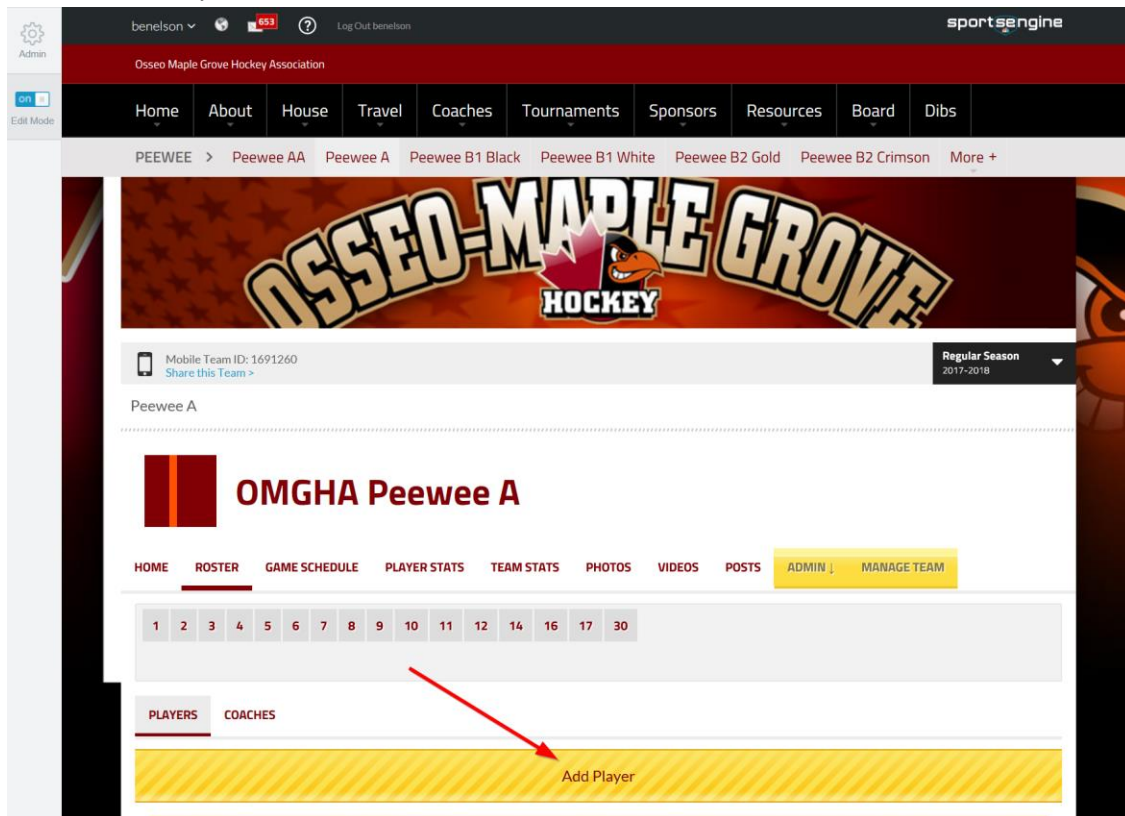

1. From your team page, click the Edit Icon

2. Click on Roster

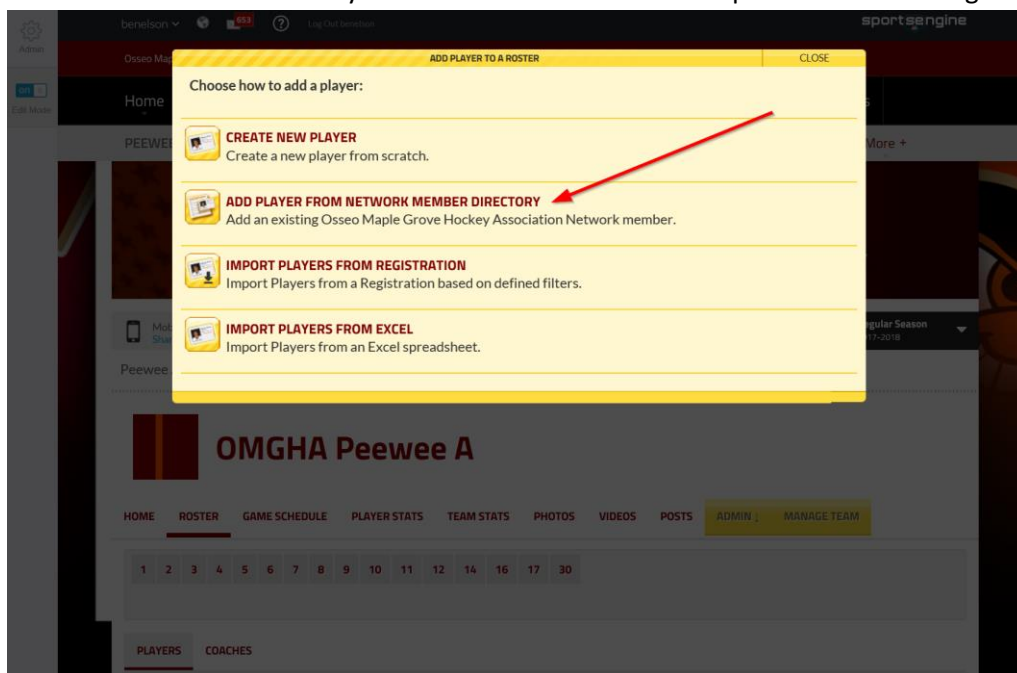

3. Click on Add Player

4. Add Player from Network Member Directory.

DO NOT USE Create New Player. This will not link the child's parent to the team group.

5. Search for the player's name.

NOTE: If there is more than one option, you may need to confirm with the parent on which account they are using. If you cannot find the player, select the parent's name instead, you can change the name to their child's name on the next step.
