SPORTSMANSHIP STATEMENT

All head coaches are responsible for the actions of all coaches, players and parents of their team.

- All players, coaches, parents and fans are expected to behave in a sportsmanlike manner at all times.
- Any player, coach, parent or fan, whose conduct is unbecoming or abusive will, at minimum be warned and may be removed from the playing field and/or complex at the discretion of the umpires.
- Foul or abusive language will not be tolerated at any time.
- Cursing or throwing of equipment will be an automatic ejection.
- If a coach or team will not restrain and control its players, coaches, parents and fans, the players, coaches or team involved may be banned from league play for the season and possibly for the following year if deemed severe.
- **Taunting of any kind against the other team will not be tolerated. Players and or coaches that take part in this will be removed from the game and park by the umpires immediately and will also serve another game suspension or if severe, may be banned from league play for a time to be determined by the league.**

Participation in competitive events can often lead to regretful behavior, so it is essential that we all must exercise restraint and remember to be good examples and role models for the kids and the game of baseball. Coaches should keep a copy of this rulebook and the OHSAA rulebook with them at all games.

Thank you for playing in the COYBL League. We hope you, your team and your fans have an enjoyable season.

(Please note that it is strongly recommended that coaches report violations of these rules to your age group director.

LEAGUE STANDINGS AND REPORTING OF SCORES

- **FINAL SCORES AND PITCHING STATS OF ALL COYBL GAMES ARE TO BE POSTED TO THE WEBSITE WITHIN 24 HOURS OF THE COMPLETION OF THE GAME. ANY VIOLATION OF THIS WILL RESULT IN A FORFEIT.**

- Standings are determined by wins and losses as well as winning percentage within your own division. **DO NOT POST ANY TIES**
 - Division champions will be determined using this method.
 - Games that are played outside of the division will not be considered when determining division standings. These games can still be kept in the overall win and loss column however.
- Any ties in the divisional standings on the final day will be decided tie breakers in the COYBL rule book unless both teams can agree on a one game playoff.

There will be no Co-Champions. If there is a tie, the champions will be decided by the following tie breakers (among all teams/games played in their division) in descending order:

- It is strongly recommended to check the league web site frequently for updates.

2018 League ending date for division games:

July 1ST, 2018 for ages 8u to 12u

July 31st for ages 13U and older

*Note:

Please remember it is league policy that divisional games take priority over non-divisional games.

Division games must be made up on the first open date each team has or first date of a non-division game. You must work together to get these done.

While we have extended the league ending date to July 31, please know not all teams will play that late into the summer.

When scheduling division games, you must take into consideration when the other team will end their season.

IMPORTANT SAFETY ISSUE:

LIGHTNING AND INCLEMENT WEATHER

Recognition - Coaches, athletic trainers, athletes, administrators and contest officials shall be educated regarding the signs indicating thunderstorm development. Since the average distance between successive lightning flashes is approximately two to three miles, ANYTIME that lightning can be seen or heard, the risk is already present. Weather can be monitored using the following methods:

Monitor Weather Patterns – Be aware of potential thunderstorms by monitoring local weather forecasts the day before and morning of the competition, and by scanning the sky for signs of potential thunderstorm activity

National Weather Service – Weather can also be monitored using small, portable weather radios from the NWS. The NWS uses a system of severe storm watches and warnings. A watch indicates conditions are favorable for severe weather to develop in an area; a warning indicates severe weather has been reported in an area, and everyone should take proper precautions. Any thunderstorm poses a risk of injury or death even if it does not meet the criteria for severe weather. Therefore, anytime thunderstorms are in the forecast (even if it is only a 20 percent chance), event organizers shall be at a heightened level of awareness to the potential danger of lightning.

Management

• **Evacuation** – If lightning is imminent or a thunderstorm is approaching, all personnel, athletes and spectators shall evacuate to available safe structures or shelters. A list of the closest safe structures should be announced and displayed on placards at all athletic venues.

• **Thirty-minute rule** – Competition or practice shall be suspended once lightning has been recognized or thunder is heard. It is required to wait at least 30 minutes after the last flash of lightning is witnessed or thunder is heard prior to resuming practice or competition. Given the average rates of thunderstorm travel, the storm should move 10-12 miles away from the area. This significantly reduces the risk of local lightning flashes. **Any subsequent lightning or thunder after the beginning of the 30-minute count shall reset the clock, and another count shall begin.**

Safety of the players, coaches, parents and spectators are of the utmost importance and there is absolutely no leeway in these rules. No deviations from this rule are permitted and violations will result in suspension from COYBL for the remainder of the year.

TEAM ELIGIBILITY

Section 1 – The league fee includes your Registration fees for Nations Baseball and USSSA Baseball.

Section 2 – Teams must have a liability insurance policy in place for their team before playing any games under COYBL. If you registered under Option 1 – you are insured under the Nations Baseball policy. For this policy to be in full force, your roster must be added to the Nations Baseball web site for the players to be insured. If you opted for Option 2 you will need to name COYBL and Nations Baseball on your policy as additional insured. You will need to send me a copy of your policy naming COYBL on it and you will need to upload a copy to the Nations Baseball site as well. It will be reviewed for coverages before approval.

Section 3 - A team cannot be made up of more than 22 roster players.

Section 4 – Team rosters must be online at www.nations-baseball.com and at www.coybl.org before you play your first game

- All rosters are available for everyone to see online.
 - Specific rules will be further addressed in the “Individual Player Eligibility” section.
 - If you do not place your players on the Nations Baseball Roster, you are subject to forfeiture of games and your team insurance is void and your players will not be covered.

Section 5 - All teams must submit the above before they will be permitted to start league play. Failure to do so will result in forfeiture of any games played. (Please refer to forfeiture policy on pg. 4)

Section 6 – For tournament Play, teams may be reclassified at any time during the season by the Nations Ohio Director or the USSSA Ohio Director, based on strength of team or any other pertinent information. Note: This will not affect any standings or divisional decisions that have already been made in the COYBL.

Section 7 - Use of an illegal player or a non-roster player will result in forfeiture of any games in which the player participated. At ANYTIME during the season, if a league director discovers that an illegal player was used, he can apply a forfeit to the team using the illegal player. (Please refer to forfeiture policy on pg. 4)

Section 8 - Coaches must have a copy of their team roster and birth certificates with them at all times. If you cannot provide your roster and birth certificates when requested, you will forfeit the game. If the birth certificate is posted online at www.nations-baseball.com, then this rule is waived.

INDIVIDUAL PLAYER ELIGIBILITY

Section 1 - Players may not play for two COYBL team at the same age level with the exception of an organization that has multiple teams in the same age group, for example and A and a B team. *In this case, the A team would be able to pull up a B team player to fill a roster spot only in the case of not having enough players to play the scheduled game(s).*

Section 2: Any player can play "UP" in an older age group for COYBL Play.

Section 3 – If a player plays for two COYBL teams (must be two different age groups), that player may only pitch for one COYBL team per year and the league office must be aware of the team he will pitch for. He must also be on BOTH COYBL rosters

➤ Note: This cannot be changed during the current season of play.

Section 4 – If a player is on two COYBL rosters, he must also be on both Teams Nations Baseball rosters to be insured properly when playing for each team. Please note, adding a player to your Nations roster could adversely affect your classification. Any questions about that will need to go to the Nations Baseball Office.

Section 5: You can add players at any point in the season. It is a long season and injuries and other factors can affect a team's roster. COYBL discourages picking up players from Tournament only teams.

Section 6:

- If a player leaves a team for any reason during the current season, he must receive a letter of release from the original team that is to be signed from the head coach and the parent of the player and this is to be mailed to the age group director.
- The original team must also officially drop the player from their roster on the Nations Baseball website before any team is eligible to pick that player up.
- If a player is released from a team, he may not return to that team for the remainder of the current season.
- If a player leaves a team by their choice for any reason, all fees due to the team must be paid in full before the player can play for another COYBL team. No Exceptions.
 - *A player in the 8U to 12U age groups must be dropped by 5/31/2018 to be picked up by another team for the 2018 season.*
 - *A Player in the 13U to 19U age groups must be dropped by 6/30/2018 to be picked up by another team for the 2018 season.*

Pitching rules

Pitch Count Limit Rule for The Central Ohio Youth Baseball League

COYBL has decided to continue with a pitch count/limit rule for this upcoming season. COYBL has developed as precise a program as realistically possible to ensure the long-term safety of our players.

We are asking coaches to forward this information to their team's parents so they can also be aware of the dangers of over-pitching young players. Because we have no ability or authority to police activities outside the regular COYBL season, our goal is to educate coaches, parents, and players so pitchers will remain safe from arm injury through-out their entire career.

Procedure: (Please use the Pitch Count Tracker Sheet provided by COYBL)

Because the purpose of a pitch count limit rule is to protect young pitchers and prevent coaches from practicing a win at any cost mentality; the following procedures have been adopted by COYBL. It is vital that coaches follow these procedures precisely and with the player's safety in mind. This rule is for COYBL league play only.

*** The Pitch tracker is an electronic tool that works on a mathematical formula. As with any technology, glitches can happen. ***

*** TO PROTECT THE PLAYERS, THE PITCH COUNT CHARTS THAT SHOW WHEN A PLAYER CAN PITCH AGAIN BASED ON THE PITCHES THROWN WILL ALWAYS SUPERSEDE THE WEB SITE PITCH TRACKER. **

1. Prior to the start of each game, communicate with the opposing team as to who is eligible to pitch and how many pitches each pitcher has available to throw. This information should be written on the line-up card and exchanged before the game starts. **Once each line-up card and the eligible pitchers for that game are viewed and acknowledged by each coach no other pitchers may pitch for either team, regardless of whether mistakes were made and subsequently caught, there is conflicting information online, etc. Inaccurate or false information given to an opposing coach or the use of a pitcher not on the acknowledged line-up cards (an ineligible pitcher) can lead to disciplinary actions by COYBL and/or forfeiture of the game in question.**
2. Each pitch thrown in the game counts towards the pitch count total. Warm-up pitches and a throw over to a base do not count toward the pitch count total. *A guide to as if a pitch should count toward the pitch count total is if an umpire makes a call on the pitch then it should count toward the total of pitches thrown{ball, strike, foul ball, fair ball, ball four, hit batter, foul tip, etc.}.*
3. Per Nations Baseball rule IX, section C, #14, an intentional walk is granted upon request. Since a pitch is not thrown, although a ball is called by the umpire, the 4 balls called by the umpire during the intentional walk do not count toward the pitch count total.
4. Pitch count totals will be tallied on the official COYBL pitch count log form. It is suggested the count be maintained by an assistant coach, the score keeper, or a parent. *The log forms can be downloaded and printed from the COYBL web site. There is room for information to be documented on each sheet for ten pitchers. There is a black line dividing the sheet into two halves. The top half of the form for one team and the bottom half for the other team. If needed more than one form can be used per game.*
5. Pitch count totals will be compared and verified accurate after each completed inning. The home team will be responsible for keeping the official count. If a difference in the pitch count total is recognized, try to resolve the difference in a civil non-confrontational manner. If an inconsistency of pitch counting is

repeated inning after inning or a person becomes confrontational, the home plate umpire will be notified along with the league director. A protest can be filed following COYBL league Protest Procedures found in our rule book.

The league director will monitor teams who are consistently reported for having disputed pitch count totals during a game or have a pattern of being confrontational. The league director can institute a ruling and assess a penalty, if the director feels a pattern of confrontational behavior or disputed counts are in bad faith and are an attempt to cheat the pitch count limit rule.

6. As a pitcher approaches his maximum daily pitch count limit, insure the opposing team and home plate umpire are made aware of the fact. When the maximum daily pitch count limit is reached, announce that the limit has been reached. At that time the pitcher will be removed from the game. *Coaches are encouraged to know when a pitcher is close to reaching his maximum daily pitch count limit so another pitcher can be properly warmed-up.*

EXCEPTION RULE: If a pitcher reaches his maximum daily pitch count limit while actively pitching to a batter, the pitcher may continue to pitch to that batter until any one of the following conditions occurs: a.) The batter reaches base, b.) The batter is put out, c.) The third out is made to complete the half-inning. *This exception will cause the pitcher to exceed the pitch count limit by most likely a few pitches. This exception will most likely be the norm rather than an exception.*

7. A pitcher may be removed from a game at any time prior to reaching his maximum daily pitch count limit. The pitcher's total pitch count for that game will then be used to determine his pitching eligibility for the coming days. *If a coach wants to limit a pitcher's total pitch count so that the pitcher can be used in future games, the situation may arise when a pitcher needs to be removed from a game while actively facing a batter and not finishing that at bat.*

8. Pitchers, of all ages, may only pitch two consecutive days. To be eligible to pitch a second consecutive day, the pitcher is limited to 25 or fewer pitches the first day. The following day that same pitcher has a maximum daily pitch count limit 40 pitches for U9 to U12 and 45 pitches for U13 and u14.

In all cases, a pitcher who throws two consecutive days must rest two days before his next appearance. *EXCEPTION RULE: The exception rule in #6 applies to the second consecutive day's maximum daily pitch count limit of 40 pitches for U9 to U12 and 45 pitches for U13 and u14.*

9. At the conclusion of every game, teams are to compare and verify the accuracy of the pitch count totals for each pitcher. A coach from each team will sign both teams' pitch count limit log sheet confirming the accuracy of the totals. It is the responsibility of each team to immediately report the pitch count totals for their team's pitchers to the COYBL web site. Failure to post the pitch count totals within 24 hours of the game's completion will result in disciplinary actions by COYBL as described in the penalties section of this rule.

10. It is the responsibility of both teams to verify the accuracy of the score and the pitch count totals entered by the opposing team and report any discrepancies to the league director.

11. Once a player is removed from the mound he may not return to the pitcher position in that game

12. A pitcher may pitch in more than one game in a day as long as the maximum daily pitch count limit is not exceeded. If pitching in both games of a double header, the pitch count total from the first will be added to the pitches thrown in the second game to total the daily pitch count.

13. Pitches delivered in a game declared a "Suspended Game" shall be charged against the pitcher's eligibility. The pitch count of the suspended game must be reported to the COYBL website as described in # 9. No matter the day the suspended game is resumed, the pitch count/limit chart shall be followed to determine a pitcher's eligibility. If the pitcher that was pitching when a game was declared a suspended game is now ineligible to pitch due to the pitch count limit rule, a different pitcher will need to be inserted to finish the suspended game.

14. The maximum number of pitches in one day with complete rest is as follows:

Ages 9&10: 75 Ages 11&12: 85 Ages 13&14: 95

Use the Pitch Count Guidelines sheet for other limitations for pitchers.

*** Research has shown that a player which has been removed from the pitcher position should not play the catcher position in the same day. This is only a recommendation and not a COYBL rule**

PENALTY FOR PITCHING RULES VIOLATION:

Using an Ineligible Pitcher Penalty:

Head coaches are ultimately responsible for accurate reporting of eligible pitchers during the exchange of line-up cards prior to each game.

If a pitcher that is not eligible to pitch does so, after the exchange of line-up cards, the game is subject to forfeit upon proper filing of a protest (procedures for doing so can be found in this Rule Book, Pg #16) by the opposing coach.

Exceeding the Pitch Limit Penalty Progression Scale:

Head coaches are ultimately responsible for accurate and timely reporting of their team's pitch count totals to COYBL as described in the procedure section.

1st Offense: If a head coach is found to have exceeded a pitcher's limit through late or inaccurate reporting, he will be notified that the actions have been recorded by the league and a warning will be given. The game in question will be declared a forfeit.

2nd Offense: If a head coach is found to have exceeded a pitcher's limit through late or inaccurate reporting for a second time, the team will forfeit their two most recent wins. If a team does not have two wins at the time of the infraction, the team will forfeit their wins as they occur to total two games.

3rd Offense: If a head coach is found to have exceeded a pitcher's limit through late or inaccurate reporting for a third time, the team will forfeit two games in the manner described above and the team will not be eligible to win their division or league, plus the head coach will be suspended for the remainder of the season and could be banned from league play.

Playing field: These are the recommended playing dimensions.

Bases and Pitching must adhere to this chart, but the outfield dimensions can vary.

UMPIRES

COYBL requires that OHSAA licensed umpires be used so that our games are played in accordance to those rules for the safety of the players of COYBL. Umpires need to register with COYBL on the Umpire page on our web site if they want to umpire COYBL games. We must have the ability to contact and inform Umpires that work COYBL games of the rules and address issues that arise during COYBL events for the safety and wellbeing of all COYBL Members

Judgment calls of Umpires are not eligible for protest.
Only rule interpretations, age and pitching violations can be under protest

COYBL FULL DISCLOSURE POLICY

All complaints against a coach or team must be sent to the league office and your age group league director and you must copy the coach of the team you are complaining about. If this step is not followed, your complaint will not be addressed until you comply.

We will compile a list of teams / coaches and umpires that receive complaints and if it is deemed excessive or the issue(s) are severe, you could be banned from play for the next year or longer.

*A two week suspension will be levied if the ejection is not reported per above.

TIE BREAKERS

If there is a tie with 3 or more teams, once a tie is broken with those teams, teams advance to the next tie breaker rule until the tie is broken.

Tie breakers

1. Win-Loss Record (In Division only)
2. Head to Head (only if two teams are tied)
3. Fewest Runs Allowed (In division only)
4. Highest Total Run Differential (In division only)

Head to head is considered only when two teams are tied.

For three or more teams, head to head is skipped in favor of the next tie breakers, in order as above until the tie is broken.
