

Another strong and successful year to report. Thanks again to the volunteers who help make it all happen and help SAM continue to grow. On the Hockey side there were additional teams at the mite peewee and bantam levels. We were the same # of peewee teams and did not have a full time girls team due to lack of numbers with the new age rules. Several teams at the house and travel level had successful playoff runs and again we had a few state champions as well as various teams that had success at other tournaments throughout the year.

All in all another successful year...

The learn to skate - the atoms and basic skills the numbers look good and we are continuing to get new faces involved.

2 areas that we could stand some improvement.. Fund Raising... Of the hundreds of families that participate in SAM. The hope would be we could do a better job with more broad participation. Another area of concern is volunteer help at the committee level. As in the past two years. The heavy work is done by a very small group of volunteers and it would be nice to attract more active participants. Several folks are taking a break from service this year and hopefully we attract many new and enthusiastic folks to step up.

I look forward to many more years of success and growth for SAM.

Steven Prescott
Vice President SAM
