## CLUB ASSOCIATION

### Lakers Hockey Club Association Double Roster Policy

The Lakers will allow any player to double roster. Once schedules are known for both teams, the player must, in writing, let the coach and hockey director know of any practices and games they will miss due to a conflicting game or practice. These absences will be excused and there will be no consequences.

Players missing games or practices in excess of those predetermined in writing will face the consequences as outlined by their coach for unexcused absences. A written outline of the repercussions for unexcused absences will be provided to all players. This outline, established by the coaching staff and Hockey Director will be strictly and uniformly enforced.

Per AHAI requirements, in order to be eligible to play in Illinois High School Hockey League North Central playoffs, a player must play in 60% of league games. In order to participate in state playoffs, a player must play in 75% of league games.
