

LEAFS STAFF:

To serve the interests of the players, the Aspen Leafs provide highly qualified coaches and an impressive staff that includes specialists in strength and conditioning, stretching and yoga, sport psychology, team building, and community outreach. The Aspen Leafs also provide players an academic advisor, a billet coordinator, and a team physician.

JAY MILLER - HEAD COACH

Coach Miller comes to the Leafs fresh off a championship season and a trip to the Junior National Championships. He has a career record of 203-73 (0.736). His player alumni list consists of players competing at all level of junior and college hockey. Jay focuses on player development, exposure and advancement, the foundation of the Leafs program.

JUSTIN ADAMS - ASSISTANT COACH

This will be Coach Adams fourth season working with Coach Miller. He has spent the last two years helping compile the record breaking seasons in a previous league. Adams finished his playing career with Franklin Pierce University (DII NCAA) and played his junior career under Jay Miller. Justin plays a key role in recruiting and player development.

SHAUN HATHAWAY - GENERAL MANAGER

While managing the daily operations of Aspen Junior Hockey, Hathaway assists with player development. He has coached at all amateur levels including the Miami University RedHawks (NCAA), the Sioux Falls Stampede (USHL), the Pikes Peak Miners (AAA), and USA Hockey district and national select festivals. Hathaway also serves as the RMJHL President.

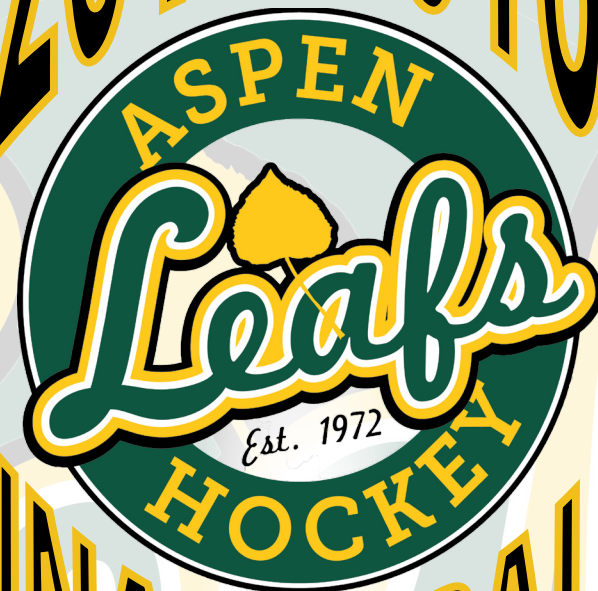

DOUG LEIN - ASSISTANT COACH

Doug is the new addition to the coaching staff and comes with a coaching background of Minnesota Sate High School hockey. Fresh off a Minnesota State Tournament appearance, Doug brings 10 years of coaching experience to the Leafs Organization. He will assist in all aspects of the Leafs program.

DEVELOPMENT

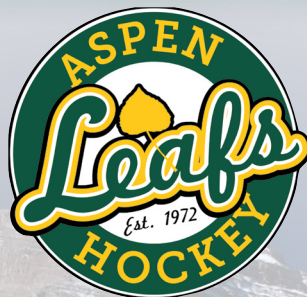

The Leafs staff boasts an impressive list of alumni playing at all levels of juniors and collegiate hockey. The implemented regimen rivals most junior programs at any level. Training takes place everyday and pushes players to reach their full potential. Not only do the Leafs consist of a great on-ice coaching staff, we also have support in all aspects of off-ice with strength and conditioning coaching that will ensure full athletic development is at every players disposal. The Leafs pride themselves on providing the tools for players to reach their goals.

WORLD FAMOUS LOCATION

As a world-renown location, Aspen boasts the most spectacular natural beauty and recreation in the nation if not the entire globe. Home to jet-setting celebrities and the X-Games makes Aspen second to none in culture and experience for the season. Sitting nearly 8,000 feet in elevation, Aspen gives the athlete the added benefit of high altitude training and acclimation. Aspen offers an environment and playing culture that is coveted by the world's elite competitors.

PREMIER COMPETITION

With the top AAA programs in Colorado creating U20 teams and the addition of the mountain resorts for this first season the level of competition is now the apex of junior hockey in Colorado. The expectation of the Rocky Mountain Junior Hockey League is to be immediately competitive on a national level. Coaching staffs with experience ranging from D1 NCAA through all levels of juniors leading the teams, the RM-JHL looks to make a statement to the nation.

MAKING HISTORY

Being the inaugural season of the Aspen Leafs history gives players the opportunity to dictate the overall foundation of the program. They get the chance to make their mark unlike any other team. How will they choose to be remembered? We want you to be a part of creating something special.

OUR PHILOSOPHY

- Winning is a byproduct of the program that we run. Our goal is not to obsess over our record but to obsess over the development of players both as athletes and young men with character. By instilling a culture of hard work and focus, we find that the wins come naturally.
- The Leafs program is a stepping stone not a landing spot. It is our desire to ensure that any player that graduates through, at any age, has the opportunity to continue their hockey career. The staff will work as hard for the players as the players do for the Leafs.
- Community service is an significant part of the Leafs program. The community gives our team so much support that it is our duty to make sure we give back.
