Introducing: New Professional Off-Ice Program

Coming this fall for our travel programs, the Komets have partnered with LM Precision Training for ALL of our off-ice training. LMPT offers professional individualized program design and age appropriate progressions for sport specific training. Along with training programs, LMPT also specializes in mobility for athletes, identification of mechanical imbalances, and nutrient timing support for all aspects of health and fitness. Professional in-depth program design, along with an extensive hockey background, allow training to fit the very specific needs of hockey players and teams. Learn more about this exciting new program on 7/19 and 7/26. Staff will be on site to answer questions and provide handouts.
