MEDIA AWARD

This award was established in 1989 in order to **recognize members of the North Carolina news media who are judged to have made significant contributions to the growth and development of youth soccer through their reporting of soccer events in the state.** Persons who are nominated may work either with the print or with the broadcasting media.

This is a North Carolina program only. Selection is by the NC Youth Soccer Executive Board at their scheduled meeting in December 2015. No specific criteria other than the description of the award have been set, however it must be stressed that effective reporting at the local level, not necessarily at the state level, has characterized most of the recipients of the award since its inception.

NOTE: Nominations will be presented to the NC Youth Soccer Executive Board for their consideration and selection in December.
