Select your user type:

Open this event in a new window.

Select a division and weight

Use the filter on the left to specify which bracket you want to look at.

You will see your child's bracket. The division/weight will be in the upper right hand corner. You should also see the Mat that they will wrestle on all day. The bout number is on the bracket. For example: Kale

Baumann vs. Trey Hansen is on Mat 4 bout 2 which means they are the second match on mat 4. If the tournament director announces that the event is run on a rolling bout system, your wrestler can be assigned to a specified group of mats. You will then need to watch the mat assignments/mat schedule more closely.

If you stay in this screen too long it will not update anymore. In that case you need to close out and go back in from the beginning.

To access a mat assignment screen for an event follow the previous instructions, but instead of looking up a specific bracket once you have entered a tournament select HUB from the center menu.
