

In Honor of those who have served and
those who continue to serve.

Have a safe and thankful

Memorial Day Weekend.

Congratulations to all of our
NORCO Seniors! We wish each of you a
multitude of success in all that you have
waiting for you!

Katie Hanson

Katie started her career at NORCO on the 12 black team and has been a part of the NORCO program for the past seven years. She has enjoyed her time at NORCO and is very thankful for the many friendships she has made and the coaching she has received while at NORCO.

Katie has enjoyed traveling with NORCO through the years to tournaments across the country including Minneapolis, Reno, Omaha, Dallas, Orlando, Philadelphia, and Spokane. Highlights have included winning the championship at the Presidents Day Classic in Omaha in 2012, playing at the Junior Nationals in Dallas in 2013 and qualifying for Junior Nationals at Crossroads in 2015. Katie will end her NORCO career playing with 18 Black at the Junior Nationals in New Orleans in June.

Katie has enjoyed her years at NORCO and is looking forward to applying the skills she has gained from the club when she starts her college career playing for the University of West Georgia this fall. GO WOLVES!

Anna Breidt

Anna played for Norco her 13's through 18's year.

She has developed into a strong and competitive player from the Norco coaches that believed in her.

She will miss her friends and team mates from Norco when she goes to South Dakota School of Mines and

Technology to play as a middle blocker for the Hardrockers. She will be pursuing a degree in chemical/biological engineering.

Alye

Wagner

Alye has been affiliated with NORCO for the last 4 years, first through a satellite program in Wyoming and this year with the 18 Black team. Alye was 3 days old when she entered her first volleyball gym for practice!

Throughout the years she has enjoyed a long history of volleyball success and was especially blessed to have such amazing teammates this year at NORCO. A big goal and accomplishment for her for the next two years will be playing for Northwest College in Powell, Wyoming who finished 4th in the nation this past year. She prides herself on her positive attitude, commitment, and work ethic.

Alye would like to thank Cathy Mahaffey and Mary Murphy for their endless dedication and for her outstanding coaches this year who have pushed her to be better each practice or competition, and to her family for all their support, dedication, sacrifice, and love.

Preston Lienemann

Although Preston has had a very successful volleyball career and has earned various honors, such as, first team all conference 4 years, all area player, All State Honors etc., she chose to end her club career at NORCO under the tutelage of Jared Rutiger. She has played one season for NORCO and the training she received at this wonderful facility under Jared Rutiger has been one of the best experiences of her career. Not only has she been able to hone and improve her skills she is excited for the opportunity to finish her 18's season at Junior National Olympics. She is grateful for the opportunity she has had to play with such a talented group of young women and excellent coaching from Jared and Marissa. She feels confident and prepared for her next Volleyball endeavor as she continues her career at LCCC Junior College in Wyoming.

Kate Pierro

This was my first year playing at NORCO and it was probably one of the best decisions of my volleyball career! I have made so many great friends and met some amazing people.

Everyone is so supportive and welcoming! Being a part of NORCO feels like being a part of a huge family. Thanks to Jared and Marissa for preparing me for my future at

Madison Webb

Although I have only been at NORCO for two years, they have been the best years of my club volleyball career. I have been pushed as a player, a teammate, a setter and an athlete to achieve more than I thought was possible. I

will be continuing my volleyball career at Chadron State College, and I have NORCO to thank for preparing me for this next step.

Alexa Marcy

"All it takes is all you've got!"

As a former gymnast who kept growing taller, Alexa started her volleyball career at Norco during her 12's year. She is thankful for all of the training she has received during her time at Norco. So grateful for her teammates where the girls would push her to be her best. " These past 7 years have pushed me to be a better player, more than I could have ever imagined. I'm excited to bring what I have learned to my college team".

Alexa will continue to play volleyball at Catawba College, a Division II school in North Carolina that is only 20 minutes away

Abbie D'Agosta

Abbie has been with Norco the last 4 years. She is incredibly appreciative of all her coaches, her awesome teammates and being able to practice at an excellent facility.

Abbie has learned that the game is 90% mental and 10% physical particularly because at 5'6" playing outside hitter required her to play smarter and her coaches trusted her abilities to do so. This year she changed positions to Libero and fitted in perfectly, she got noticed at many tournaments with offers, even one from Penn State. Abbie has learned from watching lots of college video and practicing daily at home. Her focus has been not only to play her best but Win! She now has the opportunity to go to the next level and play for CU Boulder and become an official "Buff" - A dream come true.
