

Hobey Baker High School Character Award

Character, Commitment, Teamwork, Persistence, Selflessness, Academic Excellence and Sportsmanship. "The Team before Me."

These are the values that the Hobey Baker Foundation promotes and recognizes with the Hobey Baker High School Character Award. Started in 2003 and in collaboration with high school coaches across the country, this award is presented to the player on each High School team that most exemplifies the values and traits of Hobey Baker himself.

You are receiving this email because your high school will be honoring a team member at the end of the season with the Hobey Baker High School Character Award (HBHSCA). The winner will receive an engraved plaque and the honor of having their character recognized by their coach in front of their peers.

There is no cost to the team for this award. However, as a non-profit 501(3)c organization the Hobey Baker Memorial Foundation relies on contributions to defray the cost of award production and distribution allowing us to continue and expand this meaningful program. If your team has a Booster Organization or some other means to support the HBHSCA, it would be greatly appreciated. The total cost to fulfill the award for each player is approximately \$75 per award (note that the award will be made whether or not a contribution is made and we accept and appreciate any amount). If you have already made a contribution, we apologize for this duplication and thank you for your participation.

Contributions can be made to:

Hobey Baker Memorial Award Foundation
