

# OSHAWA LADY BLUE KNIGHTS

## CHOPIN PARK

We are so fortunate to have the use of Chopin Park in Oshawa, using their wonderful two playing fields to hold our house league practices and games.

Chopin Park has a very small parking lot annexed to the fields which are quite challenging based on the number of players and support staff we have at the fields.

We must work together with the residents surrounding Chopin Park to ensure we observe the laws of the City of Oshawa, respect the neighbourhood and provide a safe environment for all. To assist you in your decisions for travelling back and forth to the fields, attached is a detailed map provided by the City of Oshawa setting out additional and legal parking locations that also service Chopin Park. These streets offer parking as follows:

**Monash Avenue - 10 parking spots**  
**Currie Avenue - 25 parking spots**  
**Montgomery Street - 5 parking spots**  
**Jackson Avenue - 35 parking spots**  
**Normandy Street - 26 parking spots**  
**Nevis Avenue - 12 parking spots**  
**Lomond Street - 25 parking spots**

To assist you in navigating after parking, the map also delineates, in red, the pathways from Monash Avenue and Nevis Avenue onto the fields.

Due to previous unsafe situations that have occurred in years past, Municipal Law Enforcement Officers will be patrolling the neighbourhood this season and we urge all to obey all parking signage.

During games and practices is a great opportunity to get to know others from your/your daughter's team, not only creating friendships and community but also an opportunity to arrange for car pooling which would relieve parking pressures and save you money in transportation costs.

Thank you all for your support in creating a safe environment and promoting Oshawa Lady Blue Knights.
