## Presidents Message

March, 2012

Dear Club Member,

In 2011 Annadel YSC, Central YSC and Laguna YSC have joined forces! In an effort to modernize and improve our soccer program we are combining our Club Competitive (Division III) program into one “**Santa Rosa South Youth Soccer Club**”. In order to maximize the number of players that will have the opportunity to play competitive soccer, starting in 2011, there will be one program “SR South” for what was formerly the D3 programs for Annadel, Central and Laguna. We have also strengthened the coach corps with advanced training and have set new and high goals in how we develop the players.

Here is how it will work in 2012 for Club Competitive players:

- Under 9, Under 10 and Under 11 teams will be in a combined Santa Rosa South YSC group. We will have city-wide tryouts and play with new uniform colors.

### Benefits of this new program:

- Enhanced training for competitive players.
- Advanced training standards for all coaches and trainers.
- Access to more competitive teams to play in league games and tournaments.
- The ability to have a team in each “age pure” age group.
- Access to both NorCal Premier and CCSL Playing

All our coaches are enthusiastic and ready to go! Please feel free to provide us with your comments or input as we go through this club consolidation process.

Regards and have a great season!

## **Mensaje del Presidente**

**De marzo de 2012**

Estimado miembro del Club,

En 2011 Annadel YSC, YSC Central y Laguna han unido sus fuerzas! En un esfuerzo por modernizar y mejorar nuestro programa de fútbol estamos combinando nuestro Club de la competencia (División III) en un programa de "Santa Rosa del Sur Youth Soccer Club". Con el fin de maximizar el número de jugadores que tendrán la oportunidad de jugar al fútbol competitivo, a partir de 2011, habrá un programa de "SR del Sur" por lo que antes era de los programas D3 para Annadel, Centro y Laguna. También hemos reforzado el cuerpo técnico con capacitación avanzada y han establecido nuevas metas y alta en la forma en que desarrollan los jugadores.

Aquí es cómo va a funcionar en 2012 para los jugadores del Club de la competencia:

- En 9, Sub 10 y Sub 11 equipos estarán en el grupo combinado de Santa Rosa del Sur YSC. Vamos a tener toda la ciudad pruebas de aptitud y jugar con los nuevos colores de los uniformes.

Los beneficios de este nuevo programa:

- Reforzar la capacitación de los jugadores de la competencia.
- Estándares de capacitación para todos los entrenadores y preparadores físicos.
- El acceso a los equipos más competitivos para jugar en partidos de liga y torneos.
- La capacidad de tener un equipo en cada una "era de puro" grupo de edad.
- El acceso a ambas NorCal Premier y CCSL Jugar

Todos nuestros entrenadores están entusiasmados y listos para ir! Por favor, no dude en hacernos llegar sus comentarios o de entrada a medida que pasan por este proceso de consolidación del club.

## ***SRS Combined CC D3 Program overview and Family Commitment 2012***

***The Club Competitive D3 Committee and SRS Board of Directors are committed to provide a safe, developmental and educational program for all committed to us. To be read and signed by each player family prior to tryout registration and tryouts.***

### **Purpose:**

- *The purpose of this document is to provide an overview to SRS CC Division III competitive/developmental program. This is done in the effort to explain the goal, benefits and responsibilities of the program, players, coaches, trainers and parents (family) that participate and volunteer in the program.*
- *This program starts with April/May tryouts, mid-May practice sessions up to 15 hours per week (according to age) and training camp/sessions. The practice season starts the day after school lets out (mid May) and may extend into the next year, contingent upon post-season play/tournaments. The typical CC Division III team attends four or five out-of-town tournaments, which provide a fresh forum for player/team development.*
- *There are financial and time costs involved for all participating*

### **Goal:**

- *The goal of the CC Division III program is to allow players who wish to progress to the next level of competition in the CYSA Soccer program. This level of play is designed for the higher development of skills and thus, higher competition. These teams are formed from our player corps at large in a tryout (competitive) format. These tryouts are held in April and May. Player selection is evaluated by at least several competent soccer advocates selected by the chosen Coach and approved by the CC Division III and the Board of Directors.*

### **The Player:**

- *The player is required to attend tryouts and team activities such as practices, games, tournaments and team functions, including fundraising events and team meetings. The player will receive the best possible training and strategies for development of personal skills, character and team building. The player agrees to attend these events and provide the necessary attitudes to achieve their team goals. Most coaches train with the assistance of qualified trainers who are selected for the needs of each individual player and the team.*

### **The Coach:**

- *The Board of Directors and the CC Division III Committee has selected each coach through a process of resume review, interviews and adherence to the criteria set by the SRS Board of Directors. Our Coaches are highly motivated volunteers and commit 20-60 hours a week in officiating over soccer activities and performing their duties in meeting their goals. Each coach has committed to be positive role model for your child in soccer and in life skills.*

### **The Parent:**

- *The parent/family is an integral part of the player's development and team success. To be successful, it is required that at least one parent be involved in the team activities and understand the goals and details participating in the program.*
- *There are several team and club tasks that are necessary for the players, team and club that our parent corps are asked to perform. Your Head Coach is responsible to assign team jobs/tasks such as Treasure, Uniform Coordinator, Fundraising, Tournaments and Team Coordinator.*
- *Parents agree to pay all fees related to team operations, above and beyond Club registration fees.*

### **Each team is required to provide to the club program:**

- *Two licensed referees (in addition to the Head Coach) to referee at team games and at least three games for other teams in the club.*
- *Field Duties that each team is required to provide such as field preparation, tournament monitoring and volunteering at events.*

### **Commitment:**

- ***For CC Division III Player and Parent (Responsible Guardian)***

***I understand the purpose, benefits and responsibilities of participating and volunteering in the SRS CC Division III Program***
