

Enabling Text Messaging

In order to receive text notifications from your team's website, you need to add your mobile phone number to your profile and enable text notifications to be sent to your mobile phone.

To receive text notifications, do the following:

1. On your team's website, click on your profile name on the top left of the screen.
2. Click **Account Settings** from the profile drop-down list.

3. Under **Notification Settings**, click the checkbox next to the team for which you want to receive text notifications.
