## Tie Breaker Rules:

1. Two Way Tie: Head to Head. The team that won the game between the tied teams receives the higher position.
2. Three Way Tie:
  - A) The run differential (runs scored minus runs allowed) in the games involving the tied teams will determine the finishing positions. The team with the highest numerical differential receives the uppermost position among the three teams. The team with the second highest numerical differential receives the second highest position among the three teams. The team with the third highest numerical differential receives the third highest position among the three teams.
  - B) If a three way tie still exists: The run differential will be considered again including the games between the team (or teams) not involved in the tie.
  - C) If a three way tie still exists, tournament officials will determine positions by means of a draw.
  - D) If a two way tie exists after applying rules 2a and 2b, the tiebreaker reverts to Rule 1.
