The Ladies Trail Ride started back in the early 90's. It was a gathering of women who loved riding dirt bikes.

Cascade Family Motorcycle Club would like to invite all ladies to come out and ride our Club Property.

The course is about 20 miles of single track heaven with turn outs along the way to accommodate all skill and endurance levels. The course will be arrowed. You can ride as much or as little as you wish.

There will also be a guided tour with a mix of trail and road.

This event is held on private land. This area is Off Limits for Motorized Use to the General Public!
