

Peewee & Bantam AA – South, East and West Region Formulary

District team allocations to the S, E and W Region Tournaments

1. Each District (2, 3, 4, 5, 6, 8, 9 and 10) will advance a minimum of one team to the Region Tournaments.
2. The districts will be proportionally awarded additional seeds to the three region tournaments based on the number of AA teams in each district to fill out the 24 region tournament slots.

Seeding into the S, E and West Region Tournaments

1. The number 1 seed of a district hosting one of the region tournaments will be seeded into the region tournament the district is hosting.
2. The remaining number 1 seeds will be seeded into one of the three region tournaments via a blind draw.
3. The remaining district allocated teams will be seeded into one of the regions per the following:
 - a. District #1 and #2 teams will not be seeded into the same region. District #2 seeds will be seeded to a Region via a blind draw.
 - b. All Districts #3 seed will not be seeded into a Region with the District #1 or #2 seed. If required adjustments will be made to the #2 and #3 seeds to maintained relative strength between the Regions equal.
 - c. The District #4 seed will be seeded in the Region with the District #1 seed, the District #5 seed will be seeded with the District #2 seed and the District #6 seed will be seeded into the Region with the District #3 seed.
4. Region first round pairings will be established per the follows:
 - a. If there are two District # 1 seeds they will be seeded into the first and third quarter final game.
 - b. If there are three District # 1 seeds they will be seeded into the first, second and third quarter final games.
 - c. The Districts #1 seed will play the highest numerical seed in the Region
 - d. The District #4 and #5 seed will be in opposite half of the bracket as the District #1 seed.
 - e. The remaining District #2 seeds will be seeded into the quarter final games via a blind draw.
 - f. The district #2 seeds will play the highest remaining numerical seed in the Region.
