

EDHSC Coach/Carpool Request Policy

EDHSC will accept all Carpool requests, however EDHSC does not guarantee we can honor these requests regardless of experience in previous years. Please keep in mind that teams are formed with considerations for over 1,300 players and 100 coaches

- All requests must be entered on your registration submission. No requests are tracked when placed via email.
- EDHSC **does not** honor requests to play for a particular coach or team.
- EDHSC **does** honor requests to not play for a particular coach.
- Carpool requests are aimed to help provide families an added resource to get their kids to and from soccer.
- Coaches are volunteer parents, most of who work full-time and some coach for multiple teams and sports. Practice schedules are set based on their availability, fields and other factors so even though parents can't choose player practice schedules, listing a neighbor or friend as a carpool request may help throughout the season.
