Prep Tryout Information

Prep Team tryouts will be Sunday, October 2nd at 10 am.

NORCO Prep is the perfect opportunity for someone who loves to play volleyball, but cannot make the full commitment to Club volleyball. The emphasis of this program will be on skill development and game play. This is a great program to either get a first exposure to the sport or to get better and improve on skills outside of a school team, without the full schedule of club volleyball. With one practice a week and three tournaments, the commitment is less for those with busy schedules. The coaching and training will still be intense so all players improve! Practices will start in October and run every Thursday through mid-February (excluding Thanksgiving and Christmas week). The Prep teams will participate in three one day tournaments. Prep Registration will be available soon, check out our flyer below for more information!

Recruiting 2017 - Gavin Markovits Recruiting Director

As we begin another school season, I wanted to touch base about college recruiting. This is a great time for players to see different colleges across the state of Colorado. Metro State and Regis host the annual Colorado Premier Challenge, September 9-10. I encourage our teams to attend this tournament as it is the best Division II tournament in the country. We can receive free admission as a club. Please email me (gmarkov1@yahoo.com) if you are interested in attending. We also have a strong Division III program (Colorado College), NAIA team (Johnson & Wales) and junior college (Laramie County Community College) within driving distance. Colorado will host Stanford, Penn State and Illinois in the Pac-12/Big Ten Challenge, September 3-4. This is an awesome opportunity to see some of the best collegiate teams in the country. Colorado State opens its season hosting North Dakota State and St. Mary's, August 26-27.

We will update jump stats once our teams start practicing. We will also hold our annual Showcase and Recruiting Seminar in January. If you would like help preparing a skills video, please let me know and I will be happy to help. I am here as a resource for you, and will guide you in the process as much as I can. Players need to be active in looking at schools, developing a recruiting letter and getting a skills/highlight video.
