

Northland Boys Lacrosse

Vision and Goals

New Vision Statement:

The primary purpose of Northland Lacrosse is to teach and grow the game of lacrosse in a fun, safe, and positive environment. We are dedicated to skill development and healthy age-appropriate competition. We strive to teach the values of sportsmanship, respect, teamwork, and fair play through the game of lacrosse.

Goals:

1. Our coaches will attempt to maximize the potential of every player in our Youth Program.
2. Our High-School program will strive to both compete at a high level and prepare our players to participate in lacrosse at the collegiate level.
3. We are a non-profit organization that will be fiscally sound and sustainable.
4. We will strive to increase youth participation each year with the goal to turn no player away who registers on time.
5. Long-term (4-6 yrs) - We will prepare to initiate high school programs within the three main school districts (Park Hill, Liberty, and North Kansas City.)
