HOCKEYHELPERS

This event would not have been possible without the direction from Hockey Helpers.

Hockey Helpers (HH) is a program that has been established to give college hockey teams and other NCAA collegiate teams the opportunity to volunteer and give back through multiple service projects. In 2007, HH was founded by Ryan Adler at Hobart College and collaborated with Wounded Warrior Project (WWP) and other military organizations to bring attention and support to the veterans wounded during war. The WWP is a 501(c)(3) non-partisan, non-profit organization that exists to provide tangible comfort and support to the new generation of severely injured service members upon their return home from Iraq, Afghanistan, and other areas around the world.
