

Annual Report - 2009

7601 Martin Grove Road
VAUGHAN, Ontario L4L 9E4

Introduction

Message from the President & the CEO

Clive Wilkinson, Pres.

The OSA Executive Committee, as in previous years, continues to work extremely hard dealing with many day-to-day decisions via either phone or e-mail. Its constant help and support during this term makes one aware of how fortunate The Ontario Soccer Association is to have such dedicated volunteers at all levels.

Throughout the year, the Executive was involved in many projects -- AIMS being one that continually taxed the Committee's patience and work ethic. I truly commend the Executive Committee for its perseverance and dedication in this matter. It is very understandable that this project has caused much frustration for everyone at every level within the organization. However, thanks to the work of the Board, Staff and AIMS Committee, our difficulties are being overcome. The Executive Committee wishes to thank the membership for their patience in this matter.

In other areas, the members of the Executive were involved in major discussions on a new governance model and new methods for raising funds other than through a recreational player levy for CSA projects. Both initiatives are still in the early stages, but the Executive believes that they will have a positive effect on how The Association conducts its business.

Many of the Executive serve on standing committees: Ugo Difederico on the CSA Finance Committee; Dan Tomlinson on the CSA Constitutional Committee, the body that is in charge of the CSA Governance Renewal Project; myself on the CSA Professional and OSA Technical Committees; Ron Smale and Maurice Baldwin on the Finance Committee; and Bill Spiers with Ron Smale on League Management

Committees. In addition, many of the District AGM's were covered by Executive members and the rest by staff. Finally, I wish to thank all staff -- especially CEO, Guy Bradbury -- for their hard work for, and dedication to, The Ontario Soccer Association. On a personal note, I wish to thank Gerry Jennings and Cathy Watt for keeping me on the straight-and-narrow.

Bryan Rosenfeld deserves special recognition for his professionalism and excellent work coaching Canada's National Women's Under 17 Team and for leading their World Cup campaign for two consecutive appearances.

It has been a pleasure serving with the Executive and Staff and I wish them and The Ontario Soccer Association the very best in the years to come.

Guy Bradbury, CEO

Financially, 2009 was a very strong year as The Association continued to achieve positive results during a global recession. The balance sheet is reflective of such with a Total Fund Balance of \$5,310,000 which is inclusive of general operations of The Ontario Soccer Association, Ontario Soccer Centre and The Soccer Hall of Fame and Museum. For 2009, The Ontario Soccer Association (inclusive of the Hall of Fame) generated a surplus of \$533,000 and The Ontario Soccer Centre maintained a healthy surplus of \$259,000, for a combined total of \$792,000.

Again, this year we continued to achieve the objectives identified within the strategic framework based upon its principles of organizational development, volunteer development, soccer technical development, promotion and sustainability. The results of these initiatives are published on our website.

We continued to build upon a communication platform with the introduction of OSATv, an on-line project utilizing the YouTube portal. This includes OSATv TouchLine, an interview program. OSATv received 10,171 channel views and OSATv TouchLine, 4,902 channel views, in less than 4 months.

This year we implemented the distribution of major news items in a weekly distribution list of over 700 recipients. Supporting organizational development to enhance and assist the administrative capacity of the soccer community, we have worked with eight districts and 71 clubs through the organizational development unit and the Club Excellence program respectively.

Recently, we announced the hiring of Randy Ragan as new Chief Technical Officer to provide support for creating a new vision and implementing a series of initiatives to achieve this vision. The primary focus will be to ensure that participation in soccer is a positive experience through efficient coach development programs supporting both recreational and competitive players. The introduction of the Canadian Soccer Association's Wellness to World Cup strategy will provide the cornerstone for future development.

The success of any sporting organization is what is achieved on the field of play. Recently, eleven Ontario female athletes were selected to Canada's National U-17 Women's Team to play in the qualification round for the 2010 Women's U-20 FIFA World Cup. With a dramatic penalty shoot-out win over the U.S.A, the team qualified for the World Cup; and then with a 1-0 victory over Mexico, the team won the CONCACAF U-17 Championship. This team is the only Canadian team to qualify for a World Cup in 2010. A major part of this success was the leadership provided by Bryan Rosenfeld, (Manager of Player Development and Provincial Teams) as Head Coach and Paulo Pacione, the OSA's Strength and Conditioning Coach.

2009 Ontario Cup

About the OSA

Soccer is currently the most popular organized team sport in Canada with over 825,000 registered players. Ontario comprises almost 50% of this total. Currently, one out of three children in Ontario play organized Soccer, two out of five players are female and over a million parents and other family members play supporting roles.

The Ontario Soccer Association was founded in 1901 and is the largest provincial Sport organization in Canada with over **900 Clubs** servicing some **24,000 Teams** with **500,000** registered Players, **70,000 Coaches** and Managers, **10,000 Referees** and countless Volunteers, Parents and Supporters comprising a direct, multi-cultural community reach of over **1,000,000** citizens.

The Association develops, supports and delivers Programs and Services throughout Ontario in partnership with grassroots Communities, District Associations, Municipal, Provincial and National Governments, University, College, School and Professional Soccer organizations.

An overall goal of The Ontario Soccer Association is to assist with the development of Soccer for the benefit of its members and stakeholders while promoting Soccer as a healthy lifestyle choice which encourages community involvement at all levels.

To this end, the priorities include:

- Grass-roots Coach Preparation & Certification (involving community volunteers)
- Grass-roots Referee Preparation & Certification (promoting community interaction)
- Regional Training Centres (facilitating excellence)
- Facilities Development (increasing capacity)
- Play Soccer (the OSA's community outreach program)

The OSA works in affiliation with key international, national and multi-jurisdictional partners:

- The Canadian Soccer Association
- The National Coaching Certification Program
- Everton Football Club (UK)
- Toronto FC

The OSA works in partnership with key provincial agencies:

- The Province of Ontario, Ministry of Health Promotion
- The Province of Ontario Trillium Foundation

The OSA works in partnership with major Corporate Sponsors:

- Bank of Montreal
- FieldTurf Tarkett
- Sports Injury Rehabilitation Centres
- The Farley Group
- Umbro Canada
- Via Rail

The OSA comprises 2 Corporate Divisions:

- The Soccer Centre (Ontario)
- The Soccer Hall of Fame and Museum (Ontario)

The OSA operates a state-of-the-art training, competition and events facility:

- The Ontario Soccer Association manages and operates The Ontario Soccer Centre facility as a high-performance training venue for our Provincial Boys and Girls U-14, U-15 and U-16 Teams and Ontario's U-17 Canada Games squad. It is also the National Training Centre (NTCO) for Ontario's talented Team Canada prospects.
- The Ontario Soccer Centre provides opportunities to play, coach, officiate and experience Soccer for more than 700,000 participants every year. The Staff's expertise and extensive experience in Facility Management and Event Promotion combined with its understanding of the Soccer Community as a whole support the continuing development of Soccer at all levels in Ontario.

The OSA operates The Soccer Hall of Fame and Museum which was established to:

- collect, record, interpret and commemorate the Soccer Heritage
- celebrate individual and organizational achievements in the game
- recognize the contribution of Soccer to the athletic and cultural institutions

Strategic Plan 2006-2010

Vision for Soccer in Ontario by 2020

Soccer is Ontario's sport of choice, the game everyone plays.

- Soccer provides an enjoyable experience in a positive environment, is affordable and accessible to all and contributes to a healthy lifestyle. Players' needs and aspirations guide the directions of the sport. Trained and competent coaches and referees support players, allowing all involved to achieve their full potential.
- Committed and capable administrators work together as a team to guide the development and promotion of the game. Clarity of roles and responsibilities ensures efficient use of human and financial resources and positive working relationships among the network of organizations involved.
- Soccer, the world's game, is recognized and valued in Ontario for its contribution to developing individuals and communities. As a result it has a huge fan base and public support.

Values for Soccer in Ontario

- **Player-centered**
Players are the primary focus in the development of the game of soccer.
- **Enjoyable**
Having fun is an integral part of a rewarding soccer experience.
- **Inclusive**
Soccer welcomes all who wish to participate.
- **Integrity and Ethical Behaviour**
Soccer promotes fair play, high moral principles and professional standards.
- **Respect**
Soccer builds a respect for others.
- **Community Pride**
Soccer contributes to developing healthy and responsible individuals with a sense of pride for their communities.

Operating Principles for The OSA

The OSA conducts its business under these operating principles:

- Operating in a spirit of collaboration and co-operation
- Recognizing the diversity among members and treating all fairly and with respect
- Providing timely and accurate communication
- Being open, transparent, and accountable
- Being an efficient and effective business with a strong customer focus
- Encouraging the highest standards of excellence and professionalism

Mission Statement

The Ontario Soccer Association provides leadership and support for the advancement of soccer in collaboration and cooperation with our membership, partners and other stakeholders by providing exceptional and sustainable programs and services.

Outcomes & Measurements

OUTCOME	MEASUREMENT
<p>1. Organizational Development: Network of organizations has capable and committed people, appropriate and efficient processes and systems, effective use of technology, supported by shared and useful documentation</p>	<p>Increased clarity of roles, responsibilities & accountabilities</p> <p>Improved systems & processes to support management capacity</p> <p>Increased effective in use of technology within the OSA network</p> <p>Increased sharing & availability of documentation</p>
<p>2. Volunteer Recognition: All volunteers can contribute effectively to the leadership and management of their organization with the required skills, loyalty and confidence</p>	<p>Increased number of volunteers</p> <p>Increased satisfaction by volunteers</p> <p>Increased recognition of volunteers</p>
<p>3. Technical Development</p>	<p>Increased satisfaction of coaches</p>
<p>a) Coach Development: Coaching soccer is seen as a positive opportunity, resulting in more coaches and more training courses. Guided by a Coach development model, the increase in number and quality of coaches has a direct impact on the improved skills and caliber of play in Ontario soccer</p>	<p>Increased number of coaches improving knowledge through professional development</p> <p>Increased retention of players</p>
<p>b) Referee Development: There are enough qualified referees to meet the needs of the sport. The climate of mutual respect and tolerance has resulted in a positive experience for referees, and increased their length of tenure</p>	<p>Increased retention by rates by age & classification</p> <p>Increased number of active, certified referees</p> <p>Decreased harassment of referees</p>
<p>c) Player Development: With an Athlete Development Model from U4 to U21, players have the opportunity to participate to the level of their choice within the many programs offered. Talented athletes who seek excellence are supported to participate in the high performance opportunities within Ontario soccer</p>	<p>Increased number of players</p> <p>Increased satisfaction of players</p> <p>Improved flow of athletes from clubs to high performance opportunities</p> <p>Increased number of athletes playing at higher level beyond OSA supported</p>
<p>4. Sustainability: The network of organizations has adequate financial and human resources to sustain programs and services for the soccer membership. Ontario has adequate indoor and outdoor facilities to meet the membership needs</p>	<p>Increased financial capacity to ensure sustainable operating funds for the network of organizations</p> <p>Increased support to the membership to build sustainability</p> <p>Decreased waiting lists at Clubs, with a goal of eliminating waiting lists</p> <p>Increased number of facilities – indoor & outdoor</p>
<p>5. Promotion: Soccer is recognized as contributing to the health, social and economic development of Canadians and their communities. The OSA is recognized as the preeminent organization for soccer in Ontario with increasing membership and profile of the sport and organization. Soccer is included in the school curriculum across Ontario and there is a strong relationship between school based soccer and organized soccer.</p>	<p>Increased amount of media coverage of soccer</p> <p>Decreased number of non-sanctioned clubs</p> <p>Increased number of school based programs</p> <p>Increased awareness of the benefits of membership within the OSA</p>

Coach Development

Coach Development

The Ontario Soccer Association Coach Development Program is committed to developing a stronger and better soccer culture via Coaching Education. The goal is to:

- develop coaches and leaders
- train and educate players more effectively

The OSA supports coaches through quality educational programs and events using best practices which facilitate growth, development and positive personal improvement to effectively coach soccer skills to our youth.

The Coach Development Program offers education opportunities across Ontario through the provision of:

- nationally recognized technical soccer credit courses (NCCP)
- a Grass Roots Road Show
- advanced and specialized Diploma courses
- Preparatory & Introductory Licence courses (Part 1 of the National "B" Licence)
- annual Instructor and Assessor Workshops

The Coach Development department also hosts special free events like the Annual Play Soccer Coaching Conference which is open to all coaches at all levels to:

- inspire new coaches at the grass root level
- influence and retain coaches
- maintain coaches through a progressive development plan
- encourage coaches to reach their potential through education
- Stay current with international trends in coaching soccer

Player and Coach registration is at an all-time high in Ontario and the Coach Development department continues to promote the importance of providing & delivering quality coaching education at all levels of the game.

Long-Term Player Development (LTPD)

With the LTPD Program as a guide, the OSA Coach Development department provides online resources for coaches working at all levels of the game in Ontario.

Under CSA leadership, LTPD can provide the framework for high-

quality programs that ensure enjoyable lifelong playing opportunities for players of all levels of ability, as well as development pathways for elite players who pursue excellence.

As it is implemented, LTPD will have a broad influence on soccer across Canada. It will positively impact Coaching Education Programs at all levels of the game and unite Coaching Educators nation-wide.

Referee Development

Referee Development

The OSA Referee Development Program is focused on developing and servicing referees of all levels for the betterment of the game of soccer in Ontario.

The development of referees begins with a uniform approach to the training and certification of Referee Instructors and Referee Assessors.

There are over 250 OSA Instructors and Assessors across the province -- all active and former referees -- who attend on-going education sessions run by the OSA to continually develop their knowledge and skills.

This uniform standard of instruction is provided to our leaders in the game to increase consistency in what is being taught to referees as they progress through a referee's promotional path to improve the quality of refereeing in the province.

Referee development may begin for individuals as young as 12 years of age at which point they are eligible to take the first referee course to become a 7v7 Mini Soccer Referee. At the age of 14, individuals are eligible to take a course to become certified as a full field, 11v11 referee.

The course is a combination of in-class instruction as well as on-field practical skills training. Once certified, a referee may begin moving through the OSA's promotional path from a Youth to District, Regional and finally, Provincial Referee. Promotion

through these certification levels requires a combination of attendance at education sessions, written examinations, fitness tests and in-game evaluations.

For a select number of top Provincial Referees, certification may move beyond the Ontario promotional scheme to the National and International List of Match Officials. There are currently 5 National and 4 International Referees in Ontario.

Across the province, the OSA works with a District Referee Coordinator (DRC) to implement and run development programs within each of the 21 Districts in Ontario. The DRCs attend regular training and workshops and are an essential aspect of the training and development of referees in communities across Ontario.

With over 10,000 registered referees in Ontario, OSA referees make up more than half of all referees in Canada.

The development and education of these referees requires a commitment from all levels of the referee community, from OSA Staff to Assessors, Instructors, DRCs, and Club Head Referees.

This development will continue to move forward with the OSA's long-term commitment to developing top level referees in Canada.

Player Development

Player Development

The selection process for Canada's National Teams relies heavily on the Provincial Player Development Programs. Many National players are first identified representing their Provinces at the U14 and U16 National All-Star Championships conducted annually in July.

With Ontario representing 45.0% of Canada's playing population, the Province has always had a very high representation of players on National Teams.

Provincial Teams development in Ontario begins at the U13 age category via the Regional Development Program. Every September the Regional U13 boys and girls teams compete at the Provincial Identification Camp.

The best players from this event are selected to progress to the U14 Provincial Development Program. The intent of this program is to fulfill the soccer aspirations of those young players who have ability and desire to play at a higher level.

It is important that parents and coaches are aware and understand the Ontario Soccer Development Structure. At U12 the District players are identified and brought into train with the District Staff as they prepare to compete each September/October at the District I.D. Tournament within their Region where they are scouted by the Regional Coaches.

Via the District Program and/or through recommendations from Club Head Coaches or Coaches who possess a minimum of a Provincial B-Licence, the Regional Coaches select and prepare Regional Squads to compete in the U13 Provincial I.D. Camp held every September at The Ontario Soccer Centre.

Provincial Coaches and Scouts select, based on technical and tactical skill, the best prospects for inclusion in the U14 Provincial Development Program. Development Squads of approximately fifty girls and boys are selected for further screening with this number being reduced to

approximately thirty in each group by mid-November.

The final group of players report to The Soccer Centre on a regular basis for training with the U14 Program training four times weekly from October through to April end at which time the U14's return to the program of their choice.

The U15 and U16 Programs also commence in October and like the U14s train four times weekly through to the end of April, after which they also return to the program of their choice.

The players in these age groups are made up of players from the previous year's Provincial Players Pool as well as players that are scouted by the Regional and Provincial Teams Coaches and also through follow-up to recommendations from Club Head Coaches or Coaches who possess a minimum of a Provincial B-Licence.

All provincial teams participate in international training and exhibition game tours during March Break and a series of inter-provincial games against Québec all-star teams.

The U14 and U16 Programs conduct a week long training camp one week prior to the National All-Star Championships held at the end of July. It is at the All-Star Championships that the Canadian National Coaches scout for players.

Club Excellence

Club Excellence Program

Club Development is comprised of three pillars:

1. Soccer Development Staff
2. The OSA Club Excellence Award
3. Club Development Workshops

Following its launch in the fall of 2008, The Ontario Soccer Association's Club Excellence Award continues to grow. Twenty-six Clubs were recognized with a Bronze, Silver or Gold Award in early 2009 and thirty more are working towards an Award in 2010. The Club Excellence Award is a province-wide recognition program for Clubs that are run efficiently and offer a safe, healthy and enjoyable environment for anyone involved in soccer. Awards are reviewed every 2 years.

The Club Excellence Award program is promoted through a team of four Soccer Development Staff who meet Clubs and Districts on a regular basis. The Soccer Development Staff help club officials and volunteers improve standards of soccer club governance in Ontario by sharing Best Practice, guidance and support from The OSA.

Club Development Workshops are being developed to help address issues specific to Ontario's far-flung communities. Of note is that many club issues are similar from one corner of Ontario to another and the Workshops will help provide support to the grassroots volunteers.

Awards Overview

Awarded to Soccer Clubs meeting OSA mandatory requirements

Awarded to organized Clubs looking to develop good administrative policies and procedures

Awarded to Clubs with sound plans for development and an interest in providing community-based programs

2009 Bronze Award

Ancaster Youth Soccer Club
Brock Soccer Club
Cambridge Soccer Club
Carleton Place Soccer Club
Catarauqui Clippers Soccer Club
Fergus Elora Soccer Club
Georgetown Soccer Club
Guelph Soccer
Innisfil Soccer Club
Lakehead Express Soccer Club
Milton Youth Soccer Club
Oshawa Turul Soccer Club
Scarborough Blizzard Soccer Club
Tecumseh Soccer Club
Teutonia Soccer Club
Windsor Soccer Club

2009 Silver Award

Whitby Iroquois Soccer Club
Capital United Soccer Club
Kanata Soccer Club
Oshawa Kicks Soccer Club
Russel Soccer Club

2009 Gold Award

Pickering Soccer Club
Aurora Youth Soccer Club
Glen Shields Soccer Club
Oakville Soccer Club

The Club Excellence Program is made possible with a grant from

Futsal

Futsal Development

The Ontario Soccer Association is committed to developing and promoting Futsal throughout the province. Ontario is a leader in Futsal development and is currently the top region for Futsal in Canada.

FIFA has designated Futsal the official indoor soccer game and the popularity of Futsal continues to increase around the world and across the province of Ontario. Futsal leagues have been flourishing in the Greater Toronto Area, Ottawa, Kitchener-Waterloo, London, Owen Sound, Sudbury and other centres for a number of years and the OSA is striving to continue this momentum. The plan moving forward is to introduce Futsal in regions where it is not currently offered and to support the growth of the sport for the benefit of The Association's entire membership.

Currently in Ontario, there are some 4,000 registered Futsal players with an estimated 5,000 playing recreationally.

The Futsal committee has developed a strategic framework to increase the capacity of the game with a focus on coach, player and referee development combined with an awareness campaign.

- The OSA Referee Department developed and introduced Futsal Referee courses in 2007 to provide education and on-field training to individuals interested in becoming Futsal referees
- Planning is currently underway to hold a Futsal course for new referees during the fall of 2010
- Between the months of October and December 2009, 7 Futsal courses were conducted by the OSA in Ajax, Waterloo, Ottawa, North York, Sarnia, London and Sudbury
- Over 100 individuals have received their Futsal Referee certificates or were recertified in clinics conducted by certified OSA Futsal instructors
- 121 Futsal referees with 40-50 from the Ottawa and Kitchener areas are in line for final certification
- A Futsal Coach certification program is the next priority under discussion with The CSA

Long-Term Player Development (LTPD)

Toronto will be hosting the 2015 Pan Am Games which will release additional funding for sports that benefit long-term athlete development in Ontario.

This major sporting event will translate into additional program and certification opportunities for Futsal coaches and referees in Ontario and Canada.

Long-Term Player Development

Rationale

- Eliminates gaps in the player development system.
- Guides planning for optimal athlete performance at all stages.
- Provides a framework for program alignment and integration, from volunteer club coaches to national and professional teams.
- Follows scientific principles and practical coaching experiences.

Benefits

- Information and education on effective coaching and practice methods.
- Guidelines for appropriate game structures.
- Guidelines on appropriate competition levels.
- Established pathways for player development for all levels of ability and ambition.
- Affirmation of best practices for coaches and club administrators.

The Program

With LTPD as the guide, the OSA Coaching Department has launched new online resources for coaches working at all levels of the game in Ontario.

Under CSA leadership, LTPD can provide the framework for high-quality programs that ensure enjoyable lifelong playing opportunities for players of all levels of ability, as well as development pathways for elite players who pursue excellence.

As it is implemented, LTPD will have a broad influence on soccer across Canada. It will positively impact Coaching Education Programs at all levels of our game and unite Coaching Educators nation-wide.

LTPD is a program for soccer player development, training, competition, and recovery based on biological age (i.e. physical maturity) rather than chronological age.

It is player-centred, coach-driven, and administration-, sport science-, and sponsor-supported.

Saturday, March 20, 2010

ALAJUELA, Costa Rica — Canada won the 2010 CONCACAF Under-17 Women's Championship with a 1:0 victory over Mexico on Saturday night. Canada's Kinley McNicoll scored the lone goal of the match in the 8th minute and Canada survived going down to 10-players in the 56th minute to win the championship.

"We are ecstatic," said national coach Bryan Rosenfeld. "To come out as CONCACAF champions, winning a gold medal through all the adversity... we definitely took the hard road. It showed a lot of character from our Canadian girls."

Canada finished the tournament with three wins, one draw and one loss. Canada lost 0:1 to Mexico in the group phase, but came back to win 1:0 when it counted most in the final.

"Third time is the charm," said coach Bryan Rosenfeld after Canada defeated Mexico for the first time in three tries in the past month.

For the final match of the competition, coach Rosenfeld's starting XI featured Sabrina D'Angelo in goal, Sophie Thérien at left back, Alison Clarke and Nicole Setterlund at centre back, Yazmin Ongtengco-Hintzen at right back, Caroline Beaulne, Chantale Campbell and Diamond Simpson at midfield, and Haisha Cantave, Nour Ghoneim and Kinley McNicoll up front.

Canada started the match brightly and was rewarded for its excellent start with a goal in the eighth minute. Ghoneim picked up the ball in the

centre circle and played an excellent through ball to a streaking McNicoll. McNicoll picked up the ball in stride and chipped Mexican goalkeeper Santiago to put Canada into the lead.

Canada continued to press for a second and Simpson and Cantave both had chances to extend the lead before the 20 minute mark.

Mexico began to come back into the match and enjoyed extended periods of possession inside the Canadian half without ever seriously threatening the D'Angelo's goal.

As the first half neared completion Canada began to regain its early dominance with Cantave in particular looking dangerous each time she touched the ball. Indeed it was Cantave who came agonizingly close to doubling the lead in at the stroke of halftime. Simpson made a weaving run through midfield before laying off to Cantave who burst into the box and rolled a low shot off the inside of the Mexican post before it was cleared from the goal mouth area.

An even start to the second half saw plenty of endeavor but few clear cut chances for either side. The match changed complexion in the 56th minute as Ongtengco-Hintzen was ejected from the match for receiving a second yellow card for a tackle her Mexican opponent. Ongtengco-Hintzen's ejection meant that the Canadian squad had to play the remaining 34 minutes down a player.

Canada reverted back into a defensive shell following the sending off as all 10 of Canada's

players were often behind the ball. Mexico was maintaining the majority of the possession, but for the most part was limited to the peripheral of the Canadian penalty area.

Forward Claudia Fabiola Ibarra squandered Mexico's best chance of the match in the 85th minute as she pushed her shoot wide when well placed 15 yards out from goal in Canada's box.

Canada survived a second late scare when an 88th minute long free kick hit the top of the cross bar. The play was very similar to the one on which Mexico scored its lone goal in a 1:0 victory over Canada in the group stage at the competition. This time however, D'Angelo looked well placed to make the save had the shot been on goal.

An uneventful three minutes of additional time were played and the referee blew the final whistle as Canada celebrated its first CONCACAF Championship at this level.

Coach Rosenfeld made two second half substitutions as Cantave made way for Kylie Davis in the 63rd minute and Ghoneim came off to be replaced by Raymer in the 69th minute.

Canada will now look forward to participating in the FIFA Women's U-17 World Cup Trinidad and Tobago 2010 this September. Mexico and host Trinidad and Tobago will also represent CONCACAF at the competition.

Hall of Fame Inductees

Hall of Fame Inductees

Players

John Limniatis played 44 times for the national team between 1987 and 1997 and in the Canadian Soccer League for the Ottawa club where he appeared in 30 games in the 1987 and 1988 seasons before moving to Greece. There he played for Aris Salonika in the First Division during the 1988-89 season and again in 1991-92. Returning to Canada he played for the Montreal Impact from 1993 to 1998 and then, following a season on loan to the Charleston Battery, until 2001. He became head coach of the Impact summer 2008 and has led them through the CONCACAF Champions League competition eliminating Toronto FC, Vancouver Whitecaps, Real Esteli of Nicaragua, Joe Public of Trinidad and Tobago and Olimpia of Honduras to reach the quarter-finals.

Mike Stojanovic was a star in the old North American Soccer League, at first with the Rochester Lancers, and later with the San Diego Sockers and Golden Bay Earthquakes. However, he first attracted attention while playing for the Toronto Serbian White Eagles of the National Soccer League where he scored 52 goals in the 1973 season. With the three NASL clubs he scored 83 goals in 180 appearances during the regular season. With the San Diego Sockers in 1981 he was named North American Player of the Year. Prior to coming to Canada he played in the First Division in the former Yugoslavia for Radnicki Kragujevac and Vardar Skopje, and on acquiring Canadian citizenship played for the Canadian national team and scored 5 goals in 14 games as Canada narrowly missed qualifying for the World Cup finals in 1982.

Neil Ellett had an outstanding youth career in Burnaby, B.C. and later went on to play 20 times for his country in international competition, three times as captain. At the age of 17 he moved from the juvenile league to the Pacific Coast League where he spent six years with Vancouver North Shore before joining Eintracht and then Croatia. He played in the Pan American Games in Winnipeg in 1967 and the 1971 games in Colombia. He scored the only goal of the game when Canada beat Mexico in Vancouver in Olympic qualifying in 1971. He also played in World Cup qualifying in 1972 and when the Vancouver Whitecaps were formed in 1974 in the North American Soccer League. When his playing career was over he turned to officiating and later was elected a life member of the British Columbia Soccer Association and elected to the Burnaby Sports Hall of Fame.

Back Row L to R

Front Row L to R

Neil Ellett, Jamie Lowery, George Pakos, Mike Sweeney, Randy Ragan

Joan McEachern was born in Saskatchewan and began playing organized soccer at the age of 17 at Lanigan Central High School, where she helped the team win the provincial championship in 1981. Later she played for the University of Saskatchewan and after graduating moved to Alberta to join the Edmonton Angels, where she won the Jubilee Shield, the Women's National Championship, in 1985 and 1986. She made her international debut for Canada against Sweden in 1987 in the North American Cup, and one year later played for Canada in China in the test tournament that led to the first ever Women's World Cup. She was a member of the national team squad at the 1995 Women's World Cup in Sweden.

Builders

Bob Sawtell was appointed to the FIFA list of referees in 1990, and remained on the list until 1995. His first appointment was for the game between Honduras and Guatemala in the Olympic Qualifying Tournament in 1991. In that same year he handled the U.S. vs Mexico game in the Women's CONCACAF Tournament and the Men's exhibition games between Mexico and Colombia and the United States vs Argentina, as well as being an official at the FIFA World U-20 Tournament in Portugal. He refereed the Canadian Soccer League final in 1989, was presented with the Ray Morgan Award in 1991 and was the recipient of the Sport BC Official of the year award in 1994.

Derek Wisdom is known throughout New Brunswick as "Mr. Soccer." His involvement in soccer in the province began in 1965 and spanned 41 years. He helped establish Soccer New Brunswick in the mid 1960s and served as Executive Director from 1992 to 1998. His organizational skills and passion for the sport are credited with its phenomenal growth throughout the province from 350 registered players in 1966 to over 17,000 in 2005.

Colin Jose has been a diligent and prolific researcher and author for over 40 years and is recognized internationally as the pre-eminent authority on the history of soccer in North America. Colin's painstaking research and writing forms the basis of most contemporary writing on the subject. He was North American correspondent for 'World Soccer' for almost 20 years and has contributed to almost every major English language soccer publication and to 'The Canadian Encyclopedia'. He has authored more than ten books, including 'Keeping Score - Canadian Encyclopedia of Soccer' and remains a regular contributor to match programs, magazines, newspapers and official soccer publications. He is the historian for The Soccer Hall of Fame & Museum and Historian Emeritus for the National Soccer Hall of Fame in the U.S., whose Media Award is named in his honour. He also operates a website covering Canadian soccer history.

Ted Slade was a player, coach and official in Ontario soccer for a period of 60 years. He began his Canadian playing career with Toronto Willys Overland in 1913, but early in 1915 enlisted on the Canadian Army and served in the First World War where he was seriously wounded. During a coaching career that spanned 23 years Ted coached numerous university and professional teams, including Western Technical Institute in Toronto from 1938 to 1951. Along the way became a pioneer of youth soccer in Canada when in 1949 he was appointed to the Committee for Minor Soccer Development. During that time he wrote what was probably the first coaching manual published in Canada, "Soccer Coaching for Schools and Colleges." He also coached the Toronto Greenbacks of the North American Professional Soccer League in 1946 and 1947.

Team of Distinction

The Team of Distinction Award will go to the 1986 Canadian national team that was the first and only team to qualify for the finals of the World Cup to date. Coach Tony Waiters, assistant coach Bob Bearpark and manager Les Wilson have already been inducted into the Hall of Fame, as have many of the players including Captain Bruce Wilson.

In 1924, the team left Victoria on the R.M.S. Niagara on April 10th and returned on August 23rd. They played 26 games Down Under, winning 11 and losing eight with seven ties. Six of the games were internationals against Australia, with Canada winning two and losing three, with one tie. Overall the team scored 46 goals and conceded 31. The team was captained by Bob Harley of Winnipeg.

Ontario Cup

Background

Beginning in 1901, with the exception of 14 years during the war, the Ontario Cup has been Ontario's most prestigious award. The largest competition of its kind in Canada, the Ontario Cup is every Club's shared passion. No other sport boasts greater geographical representation in Ontario at more age levels and in both genders.

The Ontario Cup, the provincial soccer championships, has recently involved over 600 teams. The competition begins in May, and finishes with the Cup Finals in September to determine a championship team in each of the twenty two divisions. The Ontario Cup is open to any competitively registered team in Ontario. Entry Forms are available online in early March and the deadline for entering is the end of March.

Under 12 Boys	Under 17 Boys Tier 1
Under 12 Girls	Under 17 Boys Tier 2
Under 13 Boys	Under 17 Girls
Under 13 Girls	Under 18 Boys
Under 14 Boys	Under 18 Girls
Under 14 Girls	Under 21 Men
Under 15 Boys Tier 1	Under 21 Women
Under 15 Boys Tier 2	Men
Under 15 Girls	Women
Under 16 Boys Tier 1	Masters
Under 16 Boys Tier 2	Classics
Under 16 Girls	Special Olympics

In the Ontario Cup, youth age divisions, Under 12 to Under 18, play in Tournament Rounds which lead to Quarter-Finals, Semi-Finals and the Cup Finals. The Under 21 Men's and Under 21 Women's play a Single-Game Knock-out Format leading to the Semi-Finals and Cup Finals on one weekend in late July. The Men's, and Women's divisions play a Single-Game Knock-out Format leading to the Cup Finals in September.

National Championships take place in four age levels, Under 14, Under 16, Under 18 and Senior Open. The Ontario Cup winners in those age divisions advance to the National Championships which are usually played on Thanksgiving weekend in various provinces across Canada.

Ontario Indoor Cup

The Ontario Indoor Cup is a young competition in comparison to the outdoor cup which was first played in 1901. The Indoor Cup was first played 1987. Over the years it has moved from boarded facilities to the Skydome and then to soccer specific no board facilities. The popularity of the indoor game has resulted in a demand for the Ontario Indoor Cup in most age divisions.

The level of participation has taken the competition from a centrally staged Round-Robin format to regional play-downs across the province culminating with the Final Round hosted at the Ontario Soccer Centre in Vaughan.

The application process begins in November with

Finals staggered through January and February.

Ontario Futsal Cup

The Ontario Soccer Association ran the first-ever Ontario Futsal Cup in 2006. Futsal has become an increasingly popular sport both around the world and across the province of Ontario. FIFA has named Futsal as the official indoor soccer game. Futsal leagues have been developing in the Greater Toronto, Ottawa and Western Ontario Regions for a number of years now.

Futsal is an exciting addition to the sport and the Ontario Soccer Association has added the Ontario Futsal Cup to its panoply of high-profile events to encourage participation and to facilitate player development and soccer excellence at all levels in Ontario and Canada.

As with the Ontario Cup and the Ontario Indoor Cup competitions, Ontario Futsal Cup participants can expect the same high standard and quality of service in promoting, coordinating, officiating and hosting the event.

Ontario Soccer Centre

The Ontario Soccer Centre is Canada's leading competition, training, education, and exposition soccer facility. The site is like no other in Canada. It features a 130,000 square foot field house that can accommodate three indoor soccer fields or one full size 11-a-side game. It has two international size outdoor grass fields, one international size outdoor artificial turf field, a sports therapy clinic, a restaurant and lounge, and is located on a 25 acre parcel of land that is easily accessible from Ontario's major highways. Tenants include The Ontario Soccer Association, The Soccer Hall of Fame and Museum, and all of Ontario's Provincial Leagues.

The Ontario Soccer Centre is ideal for leagues, tournaments, and clinics. There are meeting rooms that can accommodate as many as 100 people, and a restaurant and lounge that can be made available for special events. In addition to soccer, the facility has played host to several sports which include field hockey, lawn bowling, lacrosse, football, rugby, and aerobics. The Soccer Centre can also be made available for events such as rallies, company outings, and tradeshow.

A photograph of two female soccer players in action on a grass field. One player is wearing a yellow jersey and blue shorts, while the other is wearing a red jersey and black shorts. They are both focused on a soccer ball on the ground. In the top left corner of the image is the logo for The Ontario Soccer Association, featuring a shield with a soccer ball and the text 'THE ONTARIO SOCCER ASSOCIATION' and '1901'. Below the logo is the website 'www.soccer.on.ca'. In the bottom right corner is the 'PLAY SOCCER' logo with the website 'www.playsoccer.ca'.

Our goal is to provide opportunities for any person to play organized soccer in the Province of Ontario and to assist participants at all levels in reaching their full potential by providing programs for players, coaches, referees and administrators designed to improve performance and enhance enjoyment of "The Beautiful Game".
