The Ontario Soccer Association (OSA) High Performance Program has released the Canada Games player recommendation process for the ORNCA and OSA Membership Club's Technical Staff.

This is being done so that players within Ontario will have the opportunity to be recommended by a certified and qualified OSA Membership Club Technical Director/Club Head Coach, District Technical Director or ORNCA Technical Director.

The recommending coach can then select the link that pertains to the age and gender of the player(s) of whom they wish to recommend:

U18 Girls or later (born 1999 or later): [Click Here](#)

The recommending coach will then complete the Coach Information page and provide NCCP number and OSA number for The OSA High Performance Department to verify their coaching certification level and certification status. If no NCCP number (i.e. foreign license) is available please provide a scanned copy of the Coaching Certificate as outlined on the page.

The recommending coach will be required to download and complete the appropriate player evaluation form for each individual player being recommended. Once that is completed the document will need to be uploaded as prompted on the page.

Coaches will also be required to upload a highlight video of the player they wish to recommend (maximum 5 minutes) and provide jersey number and colour.

The Recommending coach should have the following available:
