## Information Bulletin

**Bulletin #:** I2016-034  
**Date:** April 12, 2016  
**To:** District Administrators, Presidents  
**CC:** OSA Board of Directors, Staff  
**From:** Bjorn Osieck, Director, Business Operations  
**Subject:** OSA announces partnership with RoomRoster

The Ontario Soccer Association is announcing through The OSA Newsletter on April 13 RoomRoster as the official accommodation provider of OSA events.

[RoomRoster](#), with over 20 years' experience in sports event management has created the world's most intuitive, online Tournament Accommodation Management System.

Their offering is in the Youth Sport Tournament market for applications to hotel booking and to team communications at the event. The RoomRoster system manages the entire process for the event organizer, while providing an enhanced experience for the participants including a current, easy-to-use, mobile or desktop application for planning and communicating.

In addition to being the exclusive provider of OSA team hotel accommodations, RoomRoster will also become the Presenting Partner of this year's OSA Ontario Cup and become the Official Accommodations Provider to the Ontario Player Development League.

The core objective for both the Ontario Cup and OPDL partnerships is for RoomRoster to provide participating teams and OPDL License Holders with the best group rates, hotel amenities and the most convenient booking system in the industry.

Beyond that, all OSA member groups, especially those organizing OSA sanctioned tournaments will be able to work with RoomRoster to further enhance their tournament experience, both from a logistics and budgeting perspective and also from the seamless engagement their tournament participants will experience with their designated tournament hotels.

This partnership is another example of OSA's continued efforts to align with companies that will bring value-added benefits to our membership in our collective pursuit of enhancing the soccer experience for families across Ontario.

The OSA team welcomes your feedback and support in making this platform into a useful addition to your soccer administrative toolkit.
