Dear Members of the NWBA:

It is an honor to be nominated for a seat on the Board of Directors of the NWBA. I am the parent of a junior player who is rostered with a Junior team, a Women's team, and a Division II team. Though we have only been involved with the sport for three years, I have become actively involved with the clubs of which I am a member. I have come to love this sport and care a great deal for the athletes involved. I want the NWBA to reach new heights so the athletes it serves can have the most rewarding experience possible.

As a member of the Board of Directors, I would work fervently with the other members of the board and the Executive Director to set short and long term goals, and develop a strategic plan with clear objectives for meeting those goals. As you will see in my accompanying resume, I have experience in these matters, as well as experience with budget development, fiscal oversight, policy review/development, and recruiting effective leadership.

In my short time with the NWBA, I have come to realize that one of the greatest challenges facing our teams is financial. Between NWBA dues, Division dues, the cost of competing in tournaments and equipment, the amount of money needed to compete is a great hardship for many teams. Funding is the key to long term sustainability and I will work with the organization to secure sponsorships and other funding sources, as well as identifying inefficiencies, so we can reduce the cost of competing for our members. I am a true believer that money should never be a barrier for someone looking to play this awesome sport.

Thank you for your time and consideration. It is my hope that after reviewing my skills and experience, you will cast your vote in support of my candidacy.

Sincerely,

Sean F. Clark
