

Milwaukee Winter Club-University School of Milwaukee Uihlein Ice Arena Covid-19 Protocols

The Milwaukee Winter Club in partnership with the University School of Milwaukee has established the following protocols for Return to Play in the Uihlein Ice Arena. These rules are effective until further notice from 2/06/2021. You can view our full policy at winterclub.com.

Masks MUST always be worn while in the arena. This includes during on ice play for players, coaches, and referees. 2 spectators per player will be allowed into the arena and will need to check-in on the provided Spectator Pass List.

Prior to arrival at the rink and the day of your game, scan this code and complete the Covid-19 Questionnaire for all entering. You will need to take your child's temperature. A screen shot of the form completion will be required to enter the rink. Temperatures will also be taken prior to entering the arena. Doing this ahead of time will speed the entry process.

1. All persons must always wear a facial covering over the nose and mouth within the arena, including while on the ice.
2. Bubble masks (holes on bottom must be covered with the coagulate shield) and the CCM cage mask are approved.
3. Players must enter the arena fully dressed with the exception of Skates, Helmets and Gloves. Goalies should arrive partially dressed.
4. There are only 3 coaches allowed on the bench for any games.
5. Do not enter the arena until 15 minutes prior to the start of your ice time. You will be asked to wait outside until then and while cleaning is completed from prior use.
6. All spectators will need to check in at the Gate to be marked off the provided Spectator Pass List.
7. Visiting teams will be directed to the staging area at the far end of the rink to put on skates, helmets, and gloves. Designated seating is marked and spaced 6' apart for distancing. Do not move chairs from their spots.
8. Home teams will use 2 locker rooms per session. Either 1&2 or 3&4. Schedules will be posted daily on the monitor in the arena lobby. All teams must exit using the side doors within 10 minutes of your completed ice time.
9. All players must supply their own water bottles. Bottle fillers are available to fill them in the arena if needed.
10. Spectators are seated in the bleachers using the designated areas to socially distance. No gathering in the lobby. Bathrooms are available, limited to 2 people at a time.
11. At the end of play, players are to only remove, Skates, Helmets and Gloves and immediately exit the arena through the closest side door. Follow the signage.
12. All Spectators are asked to exit the rink immediately after the game using the Northwest side doors.
13. If your child or any family member is sick, please stay away from the rink and stay home.
14. Our rink is supported by LiveBarn, search for Uihlein Ice Arena and you can watch the game.
15. University School and Rink staff are in charge of the arena and all directions from them must be followed by all Winter Club and Visiting teams.
