#### Greetings,

On behalf of the NHARA Board of Trustees, we want to welcome everyone to the 2023-2024 competition season. NHARA has put together a very full season of events for all of our athletes from our youngest to our seasoned FIS racers. Many thanks to all who

have worked tirelessly through the spring, summer and fall to put the schedule together.

Our NHARA Alpine Officials group has a very robust schedule of clinics scheduled at various locations around the state in order to reach as many people as possible. Whether you're looking to become a TD, Chief of Race or gatekeeper, there is a clinic near you to help improve your race day knowledge. AO Clinic Schedule and Info (nhalpine.org)

Our NHARA Children's Racing Committee has organized a full calendar of coaches' education and on snow youth projects for the 2023-2024 season. These projects are invaluable to our youth coaches in the state, particularly the education component that has been developed there. We all look forward to the advances our young NHARA athletes will make this year.

As you visit the many competitions this season you will likely notice many infrastructure improvements our ski areas have made over the summer investing millions to bring you the best skiing experience. Exciting news is the reopening of Granite Gorge, near Keene and Tenny Mountain in Plymouth, increasing the accessibility of skiing to many.

In closing, I want to wish all of our NHARA, clubs, coaches, athletes and parents, best of luck this year.

Go NHARA!

Matt Purcell

NHARA President

**Coaches Council** 

The NHARA Coaches' Council is dedicated to improving all facets of ski racing in New Hampshire. Open

meetings are held regularly in the fall and spring and are open to all active New Hampshire coaches. We

encourage all to attend.

The goals of the Coaches' Council are:

1. To provide an opportunity for all coaches to further their education through NHARA Programs or

through programs available at a national level through U.S. Ski & Snowboard or other

professional organizations.

2. To share experiences and ideas with other coaches for the benefit of all.

To create a positive environment for our athletes to grow and achieve their goals.

To achieve these goals NHARA provides coaches with a forum for education and communication and offers

financial aid for qualified continuing education programs.

All coaches must be U.S. Ski & Snowboard members as a Professional Coach. There are other requirements

also; see the U.S. Ski & Snowboard website for details. All NHARA coaches must submit a copy of their current

U.S. Ski & Snowboard Membership Card to their respective Program Director or Head Coach, who in turn must

submit a list of coaches to the NHARA Executive Secretary, Laurie Stevens. Only those listed coaches will

receive NHARA Coaches Membership Cards giving them access to race courses.

The Coaches Council meets regularly at the PSU Ice Arena with all NHARA coaches welcome. The NHARA

On Snow Coaches Clinic is scheduled for Bretton Woods in early December 2021. See the NHARA website

for further information.

A schedule of programs responsible for providing a certified referee at

Seeded Races will be found on the NHARA website.

To be eligible for consideration to, and to qualify for higher levels of competition when competing in U.S. Ski & Snowboard sanctioned events in NH, you *must* be a current member of NHARA. To be eligible for a NHARA event used for selection to a state quota, a racer must be a current member of NHARA, with current dues paid at least 10 days prior to the event or the selection date. Athletes, who do not meet this criteria when an event is considered, and/or when calendared deadlines for selections are noted, will not appear on those ranking lists.

U.S. Ski & Snowboard rules state that a racer may represent only one division (state) at any given time. Full-time students who are training in NH programs will represent NHARA. Membership in more than one state organization at a time is not allowed (see Eastern Region Handbook).

#### **NHARA Memberships for Volunteers and Officials**

NHARA strongly encourages all officials and volunteers to become supporting members.

# Alpine Officials, Coaches and Volunteers

## **Alpine Officials**

Alpine officials ensure that U.S. Ski & Snowboard competitions run efficiently and fairly by the rules. They are responsible for the safe conduct of the event and the accurate timing, judging, and scoring. They also play a key role in ensuring that the spirit of the sport and competition is maintained.

Serving as a race official is a fun and rewarding experience. The NHARA Alpine Officials Committee encourages parents and supporters to be actively involved in ski racing, to serve as positive role models and support fair and well organized alpine competitions. Please contact Arnie Huftalen (AO Chair) for information at <a href="mailto:ahuftalen@me.com">ahuftalen@me.com</a>.

Please go to <a href="https://usskiandsnowboard.org/sport-development/officials-development">https://usskiandsnowboard.org/sport-development/officials-development</a> for an in depth look at the U.S. Ski & Snowboard officials development program. Also, the NHARA Alpine Officials Committee provides reference information at <a href="http://www.nhalpine.org/officials-home">http://www.nhalpine.org/officials-home</a>

#### Alpine Officials Education

Through the support of the U.S. Ski & Snowboard Alpine Official's Committee and corresponding educational materials, the NHARA Alpine Official's Committee conducts several educational clinics each fall. These clinics are open to anyone interested in being active as an organizer and/or volunteer official at alpine ski races. We encourage parents and friends of alpine racing to participate in a clinic. The schedule of Alpine Officials clinics in NH may be found at https://www.skireg.com/nhara-alpine-education

#### **Volunteers**

Volunteers play an essential role in every race event. All ski races including World Cup events are staffed with volunteers. Many NHARA races require between 35-40 volunteer workers (speed events may require more). Member clubs may welcome parents and friends traveling from other mountains to help at NHARA races.

## **Coach Officiating Requirements**

Only currently certified Referees are eligible to course set at NHARA competitions. Coaches not already certified as a Referee are encouraged to attend <u>referee training</u>, and take the U.S. Ski & Snowboard AO Exam for Referees. Referees must attend an update clinic every other year in order to retain current certification. Yearly update participation is strongly encouraged.

## Competitor Obligations & Rules of Behavior

Each NHARA race event is sanctioned (scheduled) by U.S. Ski & Snowboard and governed by the Alpine Competition Rules (ACR), which may be found in the Alpine Competition Guide, Chapter 7. https://usskiandsnowboard.org/sites/default/files/files-resources/files/2023/2024 Alpine Guide.pdf

Rules of the Eastern Region of U.S. Ski & Snowboard may be found at: https://usskiandsnowboard.org/sport-programs/regions-divisions/eastern-alpine-region

In addition, rules specific to NHARA events are contained throughout this handbook.

The complete version of the official U.S. Ski and Snowboard Code of Conduct may be found in the <u>Alpine Competition Guide</u> on page 13

#### Racer Responsibility Code

- 1. Bindings must be in good condition and properly adjusted for the conditions. Goggles are essential.
- 2. Warm up for training and racing sessions. Stretch for at least five minutes before skiing. Warm up gradually on snow, skiing various radius turns, before skiing at racing speed.
- Always carefully inspect a course before running it. Follow the inspection rules for the training session
  or race. Do not cross or go on to closed courses at competitions, and always be certain that practice
  courses are clear before proceeding.
- 4. If you fall and are unhurt, immediately signal that you are OK and quickly move a safe distance away from the course. Collect your gear and reorganize away from the active course. Always remain still while there is a racer on course.
- 5. Never free-ski on or near a closed race course except as allowed by the established inspection procedures.
- 6. Be sure to communicate with your coach when tired, ill, uncertain or afraid, due to snow or course difficulty, or lack of visibility.
- 7. Always stop below your coach or training group. Never attempt to stop above any skier or group.

  Always leave room to take "evasive action" should your coach or others in your training group move unexpectedly.
- 8. When your run is complete, move immediately out of the finish area or away from the course. Make sure that you have an adequate finish area and safe room outside all courses.
- 9. Never jump or ski fast into an uncontrolled "blind spot".
- 10. When free-skiing outside race and training areas you must be aware of others and ski in full control at all times. Respect other skiers' rights to a safe and pleasant skiing experience.

## **Competitor Obligations**

ACR 205.1 Competitors are obliged to make themselves familiar with the appropriate rules and must comply with the additional instructions of the Organizing Committee and the Jury.

#### **Equipment Regulations**

Per U.S. Ski & Snowboard and FIS rules, it is the athlete's responsibility to ski, train and race on appropriate equipment. Approved helmets manufactured for ski racing are mandatory for all training and race events in Slalom, Giant Slalom, Super G and Downhill. These equipment regulations are posted in the <a href="#">Alpine Competition Guide</a> beginning on page 149

#### **NHARA Review and Appeals Committee**

This committee shall review reported incidents of misconduct on the part of any NHARA racer, coach, or official, and shall recommend sanctions, as appropriate, to the Board of Trustees. The committee shall review reports of mismanagement and rules infractions at NHARA sponsored races, and shall provide recommendations to race organizations and juries to improve the quality of NHARA sponsored races. This Committee also reviews disciplinary actions taken by Race Juries and any complaints concerning Athlete Selections, Sanctions and Reprimands.

A Race Jury or the NHARA Review Committee, may prevent a racer who is sanctioned for misconduct, from competing in one or more future races.

Appeals should be forwarded to Ted Sutton, Committee Chair (<a href="mailto:tsutton@roadrunner.com">tsutton@roadrunner.com</a>) as soon as possible. Action by the Committee will be taken as soon as possible after the appeal is received.

# **Entering Races**

All race registrations for the 23/24 season will take place online. Please refer to the <u>Program Directory</u> in for links to each organizer's registration portal.

Thank you for respecting each organizer's entry procedures and deadlines. Entries to Open events may fill early due to popularity. Most races will be limited to 200 starters with some organizers accepting even fewer. All racers, especially those new to NHARA, should discuss their racing plans with their coach in a timely manner.

NHARA athletes with 60 U.S. Ski & Snowboard points or less are afforded free entry into NHARA scored races. Athletes are required to contact the race administrator prior to entry.

#### **Late Entries and Cancellations**

NHARA's policy, adopted by all clubs, is to not accept same day entries. No exceptions. Please get your entries in on time.

If you wish to cancel an entry, you must contact the race administrator by 9:00 am, 72 hours before the race, or you will forfeit your entry fee. No club will refund your entry fee if notice is given later. You may only cancel your entry through the organizer's race administrator.

A list of NHARA race administrator's can be found online at <a href="https://cdn1.sportngin.com/attachments/document/177a-3068985/2023">https://cdn1.sportngin.com/attachments/document/177a-3068985/2023</a> 2024 NHARA RA Contacts.pdf

# **NHARA Scored Racing**

Athletes in the U16, U18, U21 and Senior age groups compete in scored races. The <u>USSA Alpine Points System</u> provides a process for athletes to evaluate their performance against other athletes around the eastern region and the United States as a whole.

Most weekends there is at least one scored race hosted by one of the NHARA programs. The objective is to have events at various host-mountains so coaches and athletes can plan a training and racing schedule that is effective for each athlete's development.

The NHARA scored race schedule consists of early races in December, followed by the Macomber Cup series starting in January. NHARA hosts a Super G series in February and one of the Super G runs is part of the NHARA Championships. The NHARA Tecnica State Championship competitions are in late February. Finally, the race season wraps up in March with the LaFoley Spring series and additional open competitions.

The NHARA Tecnica State Championship is used to select U16 athletes to represent NHARA at the Eastern Championship and Eastern Finals events.

While U16, U18, U21 and Senior athletes may participate at the same event, the selection process for U16 differs from that for U18 and older athletes. Additionally U18 and older athletes have the option to compete in both USSA and FIS events.

The <u>U16 Racing</u> and <u>U18/U21/SR Racing</u> sections of this document provide details specific to each age group. Parents and Athletes are encouraged to work with their home program and coaches to gain further understanding and to choose the path that works best for their athlete.

### Scoring U.S. Ski & Snowboard Points

Only licensed U.S. Ski & Snowboard athletes U16 and older may compete in U.S. Ski & Snowboard scored competitions to have their results appear on the National Ranking System List.

Licensed second year U14 athletes (YOB 2010) may also compete in scored competitions beginning in March, following the completion of all races at the Eastern U14 Championships. U14s competing in scored races will have their results scored to the National Points list.

#### Seeding for Scored Races

#### National Ranking List Seeding

The start order of each scored competition is determined by an athlete's points on the most current U.S. Ski & Snowboard National Ranking List. The 15 best point holders are randomly drawn, creating a first seed. The remainder of the field will run in point order.

Those with 999.99 will create a single seed and will be drawn randomly by computer, to run after all point holders.

Second run order is 'flip 30' based on first run times, with the 30<sup>th</sup> fastest running 1<sup>st</sup>, 1<sup>st</sup> fastest running 30<sup>th</sup> then 31<sup>st</sup> and up in result order. DNF's and DSQ's may take a second run in bib order after the result order, if jury approved.

#### TRS Seeding

TRS is commonly known as random seeding. For single-day races the start order for the first run will be randomized. Second run order will be a reverse of the first run. For 2-day events, the method flips the start list for the second run, then butterflies the original start list for the first run of the second day, and flips the butterfly for the second run on the second day.

Refer to the <u>U.S. Ski & Snowboard Competition Guide</u> for a full explanation of the point ranking system.

## U16 Racing

The goal of the NHARA U16 program is to support continued development of ski racing skills, fostering increased participation, and supporting development of athletes at all levels of competition and training. The NHARA race calendar is intended to give coaches a chance to provide larger training blocks, and use races so athletes may evaluate progress toward their personal goals.

All NHARA U16 athletes are eligible to participate in <u>Open</u>, <u>Macomber Cup Series</u>, <u>LaFoley Spring Series</u>, <u>Twin State U16 Rally</u>, and the <u>NHARA Championship Events</u>.

Athletes that are on snow early in the season can participate in the December NHARA and open regional events to evaluate their progress. The "Twin State Rally" is an opportunity for U16 to compete head-to-head with athletes from the VARA division.

The Macomber Cup series starts up in January and provides all NHARA athletes with opportunities to compete and to continue to develop their points profile.

The NHARA Championship competitions (SL, GS and SG) are open to all NHARA U16 and the results from these events are part of the selection criteria for U16 Eastern Regional events.

The race calendar wraps up in March with the LaFoley Spring Series and additional NHARA and regional competitions.

#### **U16 Eastern Regional Events**

One possible goal for U16 athletes is to represent NHARA at one of the two U16 Eastern Regional events: U16 Eastern Championships and U16 Eastern Finals.

**Quotas**. The USSA Eastern Region has published the <u>Eastern Championship and Finals Quotas</u> on its <u>Eastern Region Selections and Scoring</u> page.

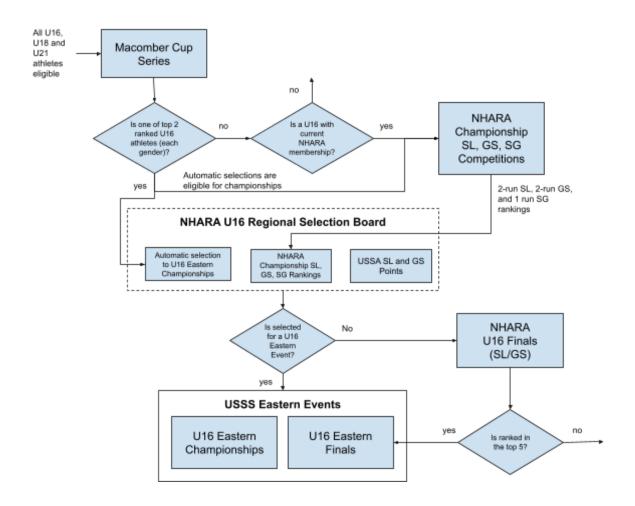

**Automatic Selections**. The top 2 U16 athletes (for each gender) in the Macomber Cup Series scoring earn automatic selection to represent NHARA at the U16 Eastern Championship.

**Selection**. NHARA uses the Regional Selection Board Method described in <u>USSA Competition Guide</u> to select athletes to represent NHARA at the USSA Eastern Region events. The selection board uses rankings from the <u>NHARA Championships competitions</u> (SL, GS, SG) and USSA Points for SL and GS. A detailed description of the process and an example are provided below.

#### **NHARA U16 Eastern Regional Selection Process**

The diagram below shows the process used to select athletes that will represent NHARA at the U16 Regional Events. The main elements of the process are:

- All current NHARA athletes are eligible for the Macomber Cup Series, see the Macomber Cup Series section for full details on eligibility, registration and scoring,
- The top 2 ranked U16 athletes (each gender) in the Macomber Series receive automatic selection for the U16 Eastern Championships,
- All U16 athletes (and qualified U18-SR athletes) are eligible for the NHARA Championship competitions (SL, GS), All U16 and older NHARA athletes are eligible for the NHARA SG series,
- The NHARA U16 Regional Selection Process uses rankings from NHARA Championship competitions and USSA points to select remaining athletes for Eastern Championships, and all but five (5) athletes for Eastern Finals,
- All U16 athletes not already selected for a regional event, can compete in the NHARA Finals, from which the final quota of 5 athletes is selected for Eastern Finals.

#### **Regional Selection Board Method**

The Regional Selection Board Method described in the <u>USSA Alpine Competition Guide</u> is used to select athletes to represent NHARA at USSA Eastern Region events.

A selection board is created using rankings from the results of the NHARA State Championship competitions (SL, GS, SG), and USSA SL and GS points from the latest point list used to seed the SL and GS competitions.

The best way to understand the process is to walk through an example. Consider a championship series with 10 athletes denoted by the letters A through J. For this example, the NHARA quotas for the regional events are

- 6 athletes to the Eastern Championships,
- 6 athletes to Eastern Finals, the first 3 slots are filled from the board,
- Athlete E is an automatic qualifier for the Eastern Championships

**Updated on February 23, 2024**: The procedure for dealing with ties has been updated so it is consistent with what is used by the USSA Eastern office. Added "USSA Points Single Penalization Situation" section. The "Openings" section has been updated to clarify how athletes who are unable to compete (e.g., due to injury) are handled.

**Board Setup**. The NHARA Scored Race Committee has chosen to order the columns on board using the rankings from the NHARA Championship SL, GS, then SG; followed by USSA SL points and finally USSA GS points. This results in the following board

	NHARA Championship Event Rankings			USSA Point	Rankings
Rank	SL	GS	SG	SL	GS
1	J	F, I (tied)	Α	<b>E</b> (85.3)	<b>A</b> (81.3)
2	Н		Н	<b>A</b> (88.1)	<b>C</b> (87.1)
3	F	E	В	<b>C</b> (88.6)	<b>l</b> (89.3)
4	В	Н	E	<b>D, G</b> (99.6, tied)	<b>J</b> (90.3)
5	E	C	G		<b>B</b> (94.2)
6	I	Α	J	<b>F</b> (101.7)	<b>H</b> (96.4)
7	Α	G	I	<b>I</b> (104.8)	<b>D</b> (98.9)
8	G	J	D	<b>B</b> (121.9)	<b>G</b> (100.1)
9	С	D	F	<b>H</b> (122.6)	<b>F</b> (105.2)
10	D	В	С	<b>J</b> (122.7)	<b>E</b> (110.3)

**USSA Points Single Penalization Situation**. An athlete that has approval from USSA to protect their points through single-penalization may, at the request of their coach, be pulled from the board before the selection process. See USSA Alpine Guide, Chapter 2, for additional details on Single Penalization Situations.

**Selection**. Selection starts by first adding all the automatic qualifiers.

Next, athletes are selected from the board by starting in row 1 and moving from from left to right and then down the rankings. When an athlete already selected is encountered, selection continues with the next column in the same row. When the last column in a row is reached, selection continues with the left-most column in the next row.

Given the sample board shown above, this process results in the following selections

	Selections			
Eastern Championships	E (automatic qualifier)	J, F, I, A, H (from board)		
Eastern Finals	C, B, G (from board)			
	(3 remaining athletes selected using rankings of NHARA Finals event)			

**Events Ties**. If athletes are tied in an event ranking, their ranking on the board for that event is resolved by ordering the athletes from highest to lowest USSA points. In the example above, athletes F and I tied for first place in the GS. Both athletes are selected and they fill the 3rd and 4th quota slots.

**Points Ties**. If athletes are tied on a points list, their ranking on the board for that list is based on their points in the other points lists on the board. In the example above, athletes D and G are tied for 4th on SL Points. Since athlete D has better GS points, they are ranked higher on the board for SL points.

**Openings**. Eligible athletes are placed on the board based on their rankings, without regard to their competition status (e.g., injury, etc...). If a selected athlete is unable to attend, they will be pulled from the selection. Selected athletes after the pulled athlete are shifted "up", and the next athlete on the board is given the opportunity to fill the open quota position.

**Oversight**. The Scored Racing Committee oversees the creation of the board and the selection process. The Regional Selection Board will be published on the Scored Racing section of the NHARA website. Parents and athletes should direct selection questions to their coaches. Coaches can direct questions regarding the selection to the chair of the Scored Racing Committee.

### U18, U21 and Senior Racing

U18s usually have already established a point profile and should understand which events are important to their race management. Some U18 athletes may be focusing on trying to make criteria for FIS races and qualifying for championship events, while others may choose to participate solely in USSA races. A large number of U18 athletes also represent their local high school in races throughout New England including Eastern High School Championships.

The U21 and SR group is generally composed of the top tier skiers. The focus of this group is usually centered around collegiate and FIS racing. These athletes may not attend a large number of NHARA events due to conflicts with the FIS schedule and training time.

#### **NHARA Series**

All NHARA U18, U21 and Senior athletes are eligible for all Open, Macomber and LaFoley events. Additionally, these athletes are also eligible for the NHARA SG series in February.

The top 20 (M/F) U18 and U21 athletes from Macomber Cup series qualify for the NHARA SL/GS Championships.

#### **USSA Events**

USSA Eastern Finals (U18-Senior) - See <u>USSA Eastern Region Handbook</u> for details and method of selection - indicates selection is based on

- Top 5 NHARA athletes (each gender) from Eastern High School Championships
- Remaining quota filled using a NTSM SL/GS ranking using points list 17

The <u>Eastern Finals Quotas</u> are published by the USSA Eastern Region on the <u>USSA Eastern Region Selections</u> and <u>Scoring</u> page.

#### **FIS Racing**

An International Ski Federation (FIS) License is required for any FIS racing and inclusion on the FIS points list. Only athletes born 2007 and earlier are eligible for FIS racing.

FIS Registration: https://usskiandsnowboard.org/membership/fis-registrations

Most regional events require payment of the entry fee online through SkiReg.com. See the rules for each specific series in the <u>Eastern Region Handbook</u> for more information. A calendar of FIS events can be found at <a href="https://usskiandsnowboard.org/sport-programs/regions-divisions/eastern-alpine-region/eastern-region-calendar">https://usskiandsnowboard.org/sport-programs/regions-divisions/eastern-alpine-region/eastern-region-calendar</a>

Eastern Cup Series (ECS): Highest level of competition in the Eastern Regions. The field is full of the best college skiers and occasionally National Team members. Serving to prepare the top athletes to be ready to perform in

Nor-Am competition. Selection to these events is regionally based (by FIS points). There is no state/divisional quota for this series.

**FIS UNI Races (FIS-U)**: These are college carnival races which are sanctioned by the FIS. Refer to the <u>Eastern</u> Region Handbook for more information.

**NJR**, **Devo FIS**, **Open FIS**, **East/West Series Races**: These races are designed to give athletes a chance to work on their FIS profile and have events throughout the calendar season. NJR races are open to U18 and U21 athletes only.

**U18 National Championships and U.S. Alpine Championships**: See the Eastern Handbook for more information

#### **Masters Racing**

Racers born 2005 and earlier may also race in Masters Alpine races (excluding Championships). For more information, visit the <u>Masters Alpine Racing</u> website at <u>nemsracing.org</u>.

# **Children's Racing**

NHARA Children's Racing programs provide opportunities for boys and girls ages 13 and under to develop their skiing skills and experience the fun of competitive alpine ski racing.

The NHARA U10 / U12 / U14 Children's racing program of Skills Days, Open races, Divisional races and State events are designed to provide easy entry into the sport and strives to create appropriate levels of challenge and racing experience for each age group. As skills develop, the more experienced racers can advance to regional events and beyond. All U12/U14 athletes are provided an opportunity to compete in end of season events bringing athletes from all divisions together for exciting race series.

The U10 and under club programs in NH are robust and age appropriate. However, there is no qualifying ladder for youngsters under the age of 10 within the NHARA structure.

All children athletes must have the necessary U.S. Ski & Snowboard Membership and NHARA Membership. Both memberships are required to be current for participation in any U10 / U12 / U14 U.S. Ski & Snowboard sanctioned racing or training event.

#### **NHARA Children's Racing Committee**

Lots of at home skiing, games and team activities are encouraged for this group. There are no Divisional or State events for U10s in NHARA.

For the up-to-date program of U10 Skills Events within a Division, please refer to the NHARA Race Schedule posted on the NHARA website.

### U8's

## Open Children's Races - U14 / U12 / U10

There are extensive opportunities to race in NHARA Open Races. Beyond the play time to be experienced in new environments, Open races are of a type and schedule to serve as preparation for the Divisional Ranking Races. Open races are held throughout the state from mid-December to the end of March.

Seeding at NHARA Open races is random, by computer draw, within gender and age group. 2nd run start orders are reversed within gender and class. All first run DSQ's and DNFs may run in seeded order for the second run. Unless noted otherwise, the race order is U10G, U10B, U12G, U12B, U14G, U14B.

Awards are at the discretion of the event host but are typically given to the top 10 within each class.

The full Open race schedule may be found at <a href="mailto:nhalpine.org/childrens">nhalpine.org/childrens</a>

Event organizers may limit their entry size. Entering an Open event early in the season is your best strategy to gain entry into these popular events.

Independent racers (no NHARA Club affiliation) may enter NHARA Open Races provided that they are current U.S. Ski & Snowboard members.

## Out of State Entries to Children's Open Races

At any designated NHARA <u>Open</u> race on the non-scored schedule, NHARA athletes entered by 9:30 a.m. 6 days prior to the race will not be displaced by an out-of-state entry. Non-NHARA athletes are eligible to enter competitions, but are initially added to a waitlist until 9:30 a.m. 6 days prior to the competition date, at which time athletes are added from the waitlist on a first come first serve basis until the field size limit is reached.

## **NHARA Divisions and Ranking Races**

The four NHARA Divisions are configured with sensitivity to geographical compatibility and manageable field sizes. Each Division will host a series of 3 races for U12 / U14 competitors to determine athlete rankings to the NHARA Championship Events.

#### **NHARA Children's Divisions:**

Eastern: Attitash, Bretton Woods, Cranmore, King Pine, Wildcat

Central: Abenaki, Crotched, Gunstock, McIntyre, Pats Peak

Northern: Franconia, Loon, WVBBTS

Western: Cardigan, Ford Sayre, Mount Sunapee, Proctor, Ragged, Whaleback

## **Divisional Ranking Race Schedules:**

Divisional schedules (U12/U14) and procedures are determined independently by each division.

Go to nhalpine.org/childrens for a listing of each division's race schedule.

### **Entering a Divisional Ranking Race:**

Go to: <a href="mailto:nhalpine.org/childrens">nhalpine.org/childrens</a>

#### **Start Orders:**

Running orders within age group and gender are seeded randomly, by computer draw. Run 2 seed order is reversed within age group and gender. 1st run DSQ's and DNF's may run in seeded order for the 2<sup>nd</sup> run. A variation of this format may be adopted within your home division.

#### **Divisional Series Ranking Orders:**

Each divisional event/series of ranking races may use individual race runs and/or overall results for series rankings. Your home program will be sharing complete details of your division's program.

Each Division is responsible to update their divisional series ranking list to the NHARA website after each ranking race.

#### **Memberships Required:**

Only athletes affiliated with a NHARA club program are eligible for Ranking Races within their Division. Independent athletes or competitors from outside their division cannot attend.

Athletes planning to participate in Division Ranking Races must have a current U.S. Ski & Snowboard Competition License.

A current NHARA Membership is required at least 72 hours prior to a Ranking Race to be scored to that event's result rankings. Retroactive scoring to the result rankings is not permitted for athletes whose NHARA membership is obtained after a competition.

## **Eligibility from the Divisional Ranking Races:**

Athletes will be ranked to participate at the NH Finals, or the NH Championships based on simple place point rankings (1st=1, 2nd=2, etc), from their Division Ranking races.

Procedures to be used for ranking are determined independently by each Division. Ranking systems of best 2 of 6 (or best 3 of 6 runs at discretion of Division) / races in a three (3) event divisional series, as well as best 3 of 9 which include overall race day results, are currently in use. If an event is lost, Division scoring is based on one (1) less than half the number of runs or runs / races contested.

Rankings will be used to fill each Division's quota first to the NHARA State Championships, then ranking the remainder of the Division's competitors to the NHARA State Finals. Ties for final divisional ranked position will also be eligible for Championships.

Division chairs will submit their series ranking orders (including alternates) to the respective U12 / U14 Championship and U12 / U14 Finals event race administrators, (as well as to the NHARA website), immediately after their division's final ranking race. Include Last, First, Gender, YOB, Club, U.S. Ski & Snowboard and NHARA membership numbers. Please include distribution to the NHARA Children's Chair and NHARA Youth Coach.

## **NHARA Championship Events**

Quotas: Each Division receives a quota for the U12 and U14 NHARA Championships, based on a proportional percentage of the state's age group membership population. Determined annually, quotas are apportioned by age class and gender, and will be rounded up where needed. Division quotas are determined as of January 30, 2023 and will be posted on the NHARA website by February 1 and based on the most recent active membership list posted by NHARA.

The overall quotas for the respective Finals and Championships will be calculated so there will be two equal sized fields.

Athletes who are not eligible to the NHARA Championships are eligible for the NHARA Finals.

<u>Post Championships Scoring:</u> Simple place points are used: 1st=1; 2nd=2, 3rd=3, etc. to rank each individual race run / combined time result.

<u>Individual Awards:</u> Individual awards are determined by combining the times of both runs in each event contested.

<u>Team Awards:</u> Presented to the top 3 teams for both both and girls, plus overall. Each team's best four (4) placings per run per gender will be considered.(1st=30; 2nd=29;30th=1). Team scoring considers race runs only; Combined race results are not used for calculation. The NHARA U14 SG Championships is also included when scoring the U14 Championships Team Awards.

An overall Team Award combining U12 and U14 NH Championship team results will be presented at the spring NHARA Children's Committee meeting.
