

Lincoln High School Activities

Code of Conduct

This signed form is required for all school-related activities.
Turn back in to your coach/leader in order to be eligible to participate.

To promote healthy lifestyles and to honorably represent our school, Lincoln High School students participating in school-sponsored activities are to observe school, coach/leader and district policies and regulations regarding student conduct. Participants are also to abide by applicable laws. Lincoln students breaking state or federal laws at non-school related activities could also be held accountable under this agreement.

Participation in extracurricular programs depends on each student's attitude and behavior as defined by the coaches/leaders. Students must represent the school in a manner that is worthy of school and community pride. Behavior resulting in dishonor to the student, athlete, team, coach/leader, school or district will not be tolerated and disciplinary action will be taken.

While extracurricular activities are an important part of a complete education, students must realize that academic progress is the major goal of the school system. Participants must meet grade requirements as set forth by the school and/or the coach/leader. Participation in extracurricular activities is a privilege and contingent upon satisfactory academic progress, attendance and activity requirements.

Student participants and parents/guardians should read over these agreements together so that all are aware of the expectations on and off the field.

Please pledge to be responsible for participation in Lincoln High School extracurricular activities by following this code of conduct established by Lincoln High School's Community Health Network (School Administrators, Cardinal Families, PTA, Counselors, Booster Club and School Nurses).

Coaches and leaders will add specific requirements in accordance with their expectations. Anyone with questions regarding this code/these expectations should contact the activity coach or leader.

Both students and parents must read and sign the statements
on the back of this document
